

OPENING MESSAGE

First and foremost, for those of you who are not familiar with TLS (The Light System), allow me to provide you with a brief summary:

TLS is a very powerful, undercover and Divine organization that has existed for thousands of years. The existence of TLS was first revealed to the public on 8/26/2020, in an interview (in which I took part) with George Noory on Coast-to-Coast AM Radio. To date, TLS is made up of roughly 8,500 initiated agents around the world, some of whom are ordinary people and some very well-known people in the world today including government officials, celebrities, producers, and so on. TLS has branches in every major city in the world. The organization is made up of all religions, races, ages and genders. When I say “all ages”, I am also referring to human beings who are several hundreds of years old, one of which you will get to know of on a very personal level throughout this text. When I say “all races”, I am also referring to races that are not part of the human race. Although it may sound unbelievable to some, not all initiated agents in TLS are human beings. TLS performs both physical and energetic/spiritual tasks in every subject, plane, dimension, and geographical location in the Universe (not just here on Earth). All initiated agents in TLS get paid, though agents who work on the spiritual side of the organization are generally volunteers. Any agent who is paid for their work is paid by TLS under a different alias, which is generally connected to the cover story that the agent has for their day-to-day job. TLS is a self-sufficient and financially independent organization that is not reliant on any donations in order to operate. The finances to pay their agents and run their operations come from the many companies and businesses that they operate. TLS has possession of and access to incredibly high technology, some of which completely defies the laws of physics which are publicly known to modern-day physicists and scientists. In essence, TLS is a very unique, esoteric and omnipotent organization, which is here to help guide and assist humanity in reaching a higher level of awareness and consciousness.

The following documentation you are about to read is called “TRAN(c)EDUSING”, which is a portion of a longer documentation called *Rays of Light*. Although *Rays of Light* was written between the years of 2010 and 2014, this specific segment was documented on November 7th of 2013. *Rays of Light* is an 864-page book (originally written in Hebrew) with more than one million letters and symbols, written by the same man who wrote “The Pyramid Code” (**learn more at Jasonshurka.com/thepyramidcode**) whom I refer to as “Ray”, although that is not his real name as he would like to remain anonymous. The book is filled with spiritual insights, secrets of creation and the Universe, in-depth knowledge regarding what many may consider to be “supernatural”, powerful codes (**in the original Hebrew text only**), and even proof to back it all up (**once the codes are revealed in the original Hebrew text only**). *Rays of Light* is a consolidation of countless meetings between Ray and other members of TLS, along with in-depth experiences that he has had firsthand throughout his time working with TLS. *Rays of Light* has been stored away in a secure safe for the past few years. Although TLS has tried encouraging Ray to formally publish *Rays of Light* in its entirety without the codes, he has chosen not to due to the sensitive, personal and private information that is contained within the book. Ray has agreed to publish the book in its entirety under the condition that he is permitted

to reveal the codes that unlock the true power that it holds, however, TLS has not permitted him to reveal the codes due to the level of power that could be placed in the hands of the wrong people at this point in time. Despite his hesitation and objections to publishing the book in its entirety, high-ranking members of TLS have made it very clear to Ray that the book will eventually be published for the masses to read. Please note that the permission to publish this portion of the book was granted and agreed upon by Ray, the author, under very specific conditions, such as the redactions (black-outs) throughout the text in order to protect his identity along with the identity and privacy of others who appear throughout the text.

In the following text, you will see names such as: Black Widow, EAGLE, MM, MD, BB and BA. These are code names given by TLS to people who are connected to Ray from previous different incarnations who today are a part of his soul family (spiritual family). We used these names in the text in place of their real names to preserve anonymity. Anything redacted or written in bolded black has been altered from the original text to preserve anonymity.

I was given the TRAN(c)EDUSING portion of *Rays of Light* during my first official TLS meeting on February 6th of 2020. Roughly eight months later, on October 10th of 2020, I was given access to the entire portion written in 2010 and successfully published that portion soon thereafter. I highly recommend reading that entire portion before reading the documentation of TRAN(c)EDUSING. You can read the entire 2010 portion of *Rays of Light* for free at Jasonshurka.com/ROL.

The following document which you are about to read covers a wide variety of different, and in some cases, strange subjects, some of which you may agree with and some of which you may not, some of which you may believe, and some of which you may not. Either way, all is good! My intention is not to convince you one way or another, I am simply the messenger of information that I have been given the honorable opportunity to share with the world. I would like to clarify that although I have been appointed to publish this text, I, myself, still have my own reservations regarding certain portions of the text and have yet to fully understand the meaning behind them all. What you choose to do with this information is up to you! My personal intention of sharing this text with the world is due to the fact that I feel it has the power to truly empower humanity to remember that we are much more powerful than we have been told. The truth is, everything is possible and I hope you come to understand this fact through reading this incredible text which is one that has changed my life and completely catalyzed my spiritual growth.

Just as I mentioned in my opening message for *"The Pyramid Code"*, I am aware that many may call me a fraud, and that is okay. I hope it is clear at this point that I don't see publishing this document as a choice. I understand the strength it holds in energetically raising the vibration and level of awareness of humanity, which is why I see it as an absolute obligation, regardless of how some may perceive me as a result of doing so. I don't believe that I have the right to hold back such valuable information out of the fear that others may look at me differently. My experiences over the last few years have allowed me to understand that personal sacrifices must be made in order to bring humanity to a new level of awareness, and after all, I feel that is

my purpose and my destiny here on Earth. Such sacrifices are the reason why I live. I would have no reason to be here if I was not aligned with my purpose and my destiny.

It is my true belief that if you are currently reading this, although you may not be ready to accept all the information that you are about to read, you are most definitely ready to receive it. Otherwise, to my opinion, it would not have come into your possession to begin with. I ask you to read the following information with not just an open mind, but most importantly, with an open heart. Allow yourself to step out of mind and logic, and into heart and love. Allow it to speak to your spirit and resonate with your soul.

I wish us all the best of luck in our journey of reaching a higher level of awareness; a journey filled with Light, Peace, and Love. May this information play a role in helping us unite as One, and most importantly, may it bring us one step closer to true bliss and the Age of Love.

L.P.L.

Jason Yosef Shurka

TRANS(c)EDUSING

Today is Thursday 11-7-13. The time is 3:30pm. I arrived for a meeting with Rabbi AA at 10am after approximately 4 months since the last meeting. The meeting was very exciting, and we spent our first hour together alone.

He updated me a bit on what is transpiring. He performed the morning prayer with me and made sure I drank a lot of water. I was very nervous all morning and I wasn't feeling well, probably from the excitement.

The water really helped me at that moment. I requested from Rabbi AA a private conversation of just the two of us as well as permission to document our conversation. He agreed to document but insisted that Diana, Steve and Haim join the conversation. Our conversation started at 11am just after the Rabbi and I completed our private meeting. This meeting may be one of the last and may possibly be the last time I document my conversation with the Rabbi. I'm still trying to persuade the Rabbi to stay in some sort of communication with me and TLS but it will most likely not happen. Rabbi AA sounds very determined about it. He claims that he must move on and proceed to his final destination. Til' today, I don't quite understand what exactly he is referring to and where he's going. After our conversation, we moved on to the Mikveh (**An immersion pool used for spiritual cleansing**) as usual, where we continued with our private conversation. The Mikveh was an incredible experience, more than usual. As always, he taught me many new things.

I hope I remember it all. He's an incredible person, he is always filled with new discoveries, ideas and surprises.

I don't know how I, and the entire organization, will survive the fact that Rabbi AA will no longer be with us, at least for the near future, but we must believe in him and trust his judgement.

The following writings document the meeting between myself and Rabbi AA including Haim, Steve and Diana.

I am now returning home, confused more than ever and not sure how to digest what I saw and experienced today.

I need to think about what is happening, what happened and what is yet to happen! Lots of self reflection and difficult decisions! He always promised to be by my side and assist whenever possible and permitted. I can only hope that I will do the right thing with the least mistakes along the way, and I hope that all of Rabbi AA's blessings will come to fruition for me and for the [REDACTED] family as well.

Good luck to us all.

Rabbi AA - Please gentlemen, I'm ready.

Haim - Steve will join shortly.

Rabbi AA - Very well. I am waiting.

Ray - Thank you, Honorable Rabbi, for the opportunity.

Rabbi AA - Don't mention it my friend, the pleasure is all mine.

Ray - Thank you.

Rabbi AA - Don't forget that our precious time is limited.

Ray - I understand.

Rabbi AA - I shall request efficiency. Where is your list?

Ray - In my pocket.

Rabbi AA - I suggest you place your list on the table.

Ray - Ok. (Written in English in the original Hebrew version)

Rabbi AA - May I read through your papers until Steve arrives?

Ray - I prefer not.

Rabbi AA - How come?

Ray - It may disturb my thoughts.

Rabbi AA - My awareness and understanding will disturb your thoughts?

Ray - Your advanced awareness and understanding!

Rabbi AA - How exactly? Kindly explain please!

Ray - I don't know how to explain it.

Rabbi AA - To my naïveté, I thought we were having a friendly conversation in order to try to answer your questions and calm your mind from your various worries.

Steve enters

Steve - I'm sorry for the interruption. My meeting ran late unexpectedly. (Written in English in the original Hebrew version)

Steve shakes the Rabbi's hand

Rabbi AA - It's Ok, have a seat please, join us. (Written in English in the original Hebrew version)

Steve - All the arrangements for your travel have been completed. You can leave at any time. All I need is a short 3 hour's notice. (Written in English in the original Hebrew version)

Rabbi AA - Thank you. (Written in English in the original Hebrew version)

Ray - This is the first time that you shook Steve's hand.

Rabbi AA - According to your limited knowledge.

Steve - I even received a hug, a big hug, before you arrived here today. (Written in English in the original Hebrew version)

Ray - Good for you.

Rabbi AA - You don't always know everything and there's no need to be hostile.

Haim interprets and laughs

Since the Rabbi and Ray are usually conversing in Hebrew, Haim translates the conversation to Steve and Diana in sign language since they do not understand Hebrew. This is their way of communication in silence although they are not deaf.

Rabbi AA - Well, I would like to continue.

Ray - Ok, I am ready. ("Ok" is written in English in the original Hebrew version)

Rabbi AA - It is my wish to clarify a number of things prior to continuing.

Ray - I am writing.

Rabbi AA - It is important to me that the souls involved in this gathering, and each one who will read the following writings will know and understand that you requested and initiated this meeting and you are the one who is demanding to document what is transpiring. We are all gathered here according to your request and demand.

Ray - Honorable Rabbi, I requested a private meeting with you alone.

Rabbi AA - True, however, it is very important to me that they be here with us and I will provide you with your private time as I promised.

Ray - When?

Rabbi AA - At the Mikveh.

Ray - Again Mikveh? I haven't done anything wrong yet!

Rabbi AA - Something within my soul tells me that you are in much need of a general purification. It can only help you. Besides, I thought you enjoy being in my presence. And if I'm not mistaken, much time has passed since your last visit to the Mikveh.

Ray - Always Honorable Rabbi, always, but I would prefer a meeting at my home. It's about time that you come to my home as a guest, and provide me and my wife the honor and opportunity to host you. Especially since you intend on departing soon.

Rabbi AA - I prefer at the Mikveh. There we will have more intimacy and privacy.

Ray - I can arrange for the same thing at my home. There's no problem to get rid of everyone.

Rabbi AA - I would not like to remove your wife and her children from her home.

Ray - She would be so happy just knowing that you were at our home and that you ate her food.

Rabbi AA - Please, let's continue. I see you have a long list.

Ray - Not that long.

Diana - Rabbi, look at him. He is sweating uncontrollably. (Written in English in the original Hebrew version)

Rabbi AA - Yes, I can see that. (Written in English in the original Hebrew version)

Diana - I believe he is trying to transcend in order to control the meeting. (Written in English in the original Hebrew version)

Rabbi AA - Is it true? (Written in English in the original Hebrew version)

Ray - No, what are you talking about?

Rabbi AA - Explain what's happening to you.

Ray - I'm simply trying to stop you from reading me.

Rabbi AA - Why?

Ray - I don't feel comfortable.

Rabbi AA - I need you to explain what is going on with you. You don't look well and your legs are shaking. I ask that you stop immediately.

Ray - I would like a regular conversation and regular writing without accelerating dimensions.

Rabbi AA - What's going on with you?

Ray - I understand that this is our last meeting and the last time we will document our conversation, therefore I would like to speak and write like a normal person. This is my private thing and I would like to do it my way.

Diana - Transcending above us and the Holy Rabbi will not help you. It will only make you sick and TRANS(c)EDUSING us while transcending above us, including the Rabbi, shall be perceived by us all as a major insult and total disrespect to the Rabbi and TLS as a whole. (Written in English in the original Hebrew version)

Haim - What are you talking about? What is the meaning of TRANS(c)EDUSING? I've never heard this term before. (Written in English in the original Hebrew version)

Steve - I don't think there is such a word in English. (Written in English in the original Hebrew version)

The Rabbi is smiling to himself

Diana - It is a new method **Ray** invented in order to try to affect human thinking and behaviors under certain conditions. (Written in English in the original Hebrew version)

Haim - How long have you known about it? (Written in English in the original Hebrew version)

Diana - I just learned about it recently. (Written in English in the original Hebrew version)

Haim - How? (Written in English in the original Hebrew version)

Diana - He used me as a guinea pig without my knowledge and the Rabbi watched over me and informed me just as a measure of protection. (Written in English in the original Hebrew version)

The Rabbi is smiling and is trying to conceal his mouth with the palm of his hand

Steve - Rabbi, you knew about this?

Rabbi AA - Yes.

Haim - You taught him but you didn't teach us?

Rabbi AA - I didn't teach him. He taught me!

Ray - Why are you making such a big deal? Nothing happened, it's just a little trick that I recently learned.

Rabbi AA - It's not exactly recent. You only revealed it to me recently.

Ray - Honorable Rabbi, you are over 400 years old. There is not much of a difference between 6 months and 12 months.

Rabbi AA - The difference is twice as long.

Haim - TRANS(c)EDUSING, what is this nonsense?

Ray - If it's nonsense then why do you want to learn it?

Haim - Did you trick me with it?

Ray - I cannot use it on everyone, only on specific souls.

Haim - That's not what I asked. I asked if you tried it on me?

Ray - Why are you nervous today? No need to shout.

Haim - I'm not shouting. Just answer my question.

Ray - I can only do it on specific souls with specific frequencies in conjunction with vibrations of the body and the mind through direct speech or dream.

Haim - I'll ask again. Have you ever tried this on me or any trick like that?

Ray - Relax, you're red like a tomato. Nothing happened.

Rabbi AA - Allow me to assist you my dear friend.

Haim - Thank you, finally someone is willing to answer. You know all of this and you cooperate with this lunatic?

Rabbi AA - Well, it was only recently that I was informed about this since **Ray** chose to share his secret with me. Relax, there is no need to shout. Please control your anger. The answer to your rhetorical question is very simple. Of course he practiced on you! How do you think he caused you to do all the wrong and

various deeds which you chose against your will? And the list is long my friend as we all already know.

Haim - And you allowed this to happen secretly?

Rabbi AA - I did not know a thing. He is a very devious soul.

Ray - I thought that it was a secret Honorable Rabbi.

Rabbi AA - Of course, but not when you test it and are condescending towards the organization's personnel and that includes ██████.

Ray - Leave ██████ out of this, I know you used her to access me and play with my mind. I'm not an idiot, and please don't deny it.

Rabbi AA - I'm not denying it.

Ray - She should not have had to reach the point where she can read me so intensively and all this to protect or help **my wife**.

Rabbi AA - I thought that you wanted to help **your wife**.

Ray - Yes, of course, but your tricks are not helping.

Rabbi AA - I suppose it does if you are reacting this way.

Ray - Believe me that it does not, she simply knows more things - more intimate and personal details than before and there really was no need for that. This, by the way, includes **the Black Widow** and others.

Rabbi AA - You were not supposed to mention the widow's name prior to page 18. (According to the original writings that were written in my handwriting)

Ray - What page am I on?

Rabbi AA - 10, of course.

Ray - Yes, but it's in handwriting, Once it's typed I'm sure it will change.

Rabbi AA - It doesn't matter, it would still confuse your writings when combining the codes.

Ray - I'm tired already from all these codes.

Rabbi - You sound exhausted. You are still resisting me. I am asking you to stop immediately!

Ray - I am requesting to write in the normal dimension.

Rabbi AA - I am requesting of everyone to leave the room and disconnect the cameras.

Ray and I need to be in seclusion for a bit and pray.

Ray - Not here, let's move to the sealed room.

Rabbi AA - As you wish.

The Rabbi and I stayed in the sealed room for quite some time. I lost all sense of time. I don't know how long we were together but it felt good. He began with physical contact and fatherly embraces and afterwards continued with his strange prayers. This time he didn't use Tefillin (a physical religious object used by Jewish men during their daily morning prayer routine). He asked me to stay with only my underwear on and wrap myself with his large Tallit (prayer shawl). Towards the end I stopped shaking and I felt physically stronger. All the aches I had disappeared and I managed to see Rabbi AA's halo floating and caressing me with a perfect white Light. He let me drink from his water and we returned to the original room to meet the team to continue the conversation.

Rabbi AA - Start writing.

Ray - I'm writing.

Rabbi AA - I would like to continue and clarify to everyone that these last writings were demanded from your end and for that you will be blessed. The rules stay the same. Nothing can be erased. Keep a clean mouth and pure heart. Do all that you can to help and empower the family and that includes **MM**.

Ray - She is not interested and I am not interested in pushing.

Rabbi AA - The family's future depends on each and every one of us, especially you **Ray**, my friend. What I expect from you is more love, understanding and compassion for us all.

Ray - I understand and I'm trying but **MM** is simply burnt out from all of us and from herself and she feels she has a burden on her shoulders that is too big. She would have liked to occupy herself with something more fitting and fundamental for her. Many things that are connected to myself and the family don't align with her.

Rabbi AA - I hope you understand what's in her heart. You can't blame her for that.

Ray - No, I understand very well. That is why I'm not pressing. I think that each and every person should choose the way for himself and her personal opinion is very reasonable and logical.

Rabbi AA - You understand her but you don't agree.

Ray - Correct.

Rabbi AA - So why don't you explain yourself?

Ray - I don't think it's my place and I also don't think it would help. I also don't always feel like explaining myself, especially when I can't tell the whole truth, not to her and not to others. **MM** and I are very close yet far away at the same time due to the situation I'm in.

Rabbi AA - Why aren't you willing to take responsibility for your current situation?

Ray - I am taking responsibility but not everything is up to me and not everything is my fault or caused by me. Also, it's really not important. **MM** believes in her own way and who am I to try and intrude?

Rabbi AA - Your job is to guide. It is not an intrusion.

Ray - From her point of view it can be considered as an intrusion. Don't forget I'm also pretty tired and most likely on my way out. Maybe not like her but you and I know very well that everything is about to change soon especially due to the fact that you decided to leave.

Rabbi AA - It isn't leaving but I don't want to discuss this right now. Don't forget that she is the daughter of **ADAM**.

Ray - No, I did not forget, believe me I didn't!

Rabbi AA - Well then, I'll expect a bit more understanding from you.

Ray - Everything is very complicated. I feel that each day I am more entangled and in conflict with myself and others. Everything has changed. Nothing is the same. Everything has completely turned upside down in the last 3 years, nearly 4, and I wasn't expecting to find myself in this situation that I'm currently in. I don't know what to do and I don't know what will happen the moment you leave and won't return. We all have a problem and that includes D.

Diana - Leave me out of it. I'm just fine.

Rabbi AA - We'll discuss this whole subject later please.

The Rabbi signals me to drop the subject

Rabbi AA - You're not supposed to give commentaries.

Ray - I am writing and it's my decision. Besides, anyone who will read this needs to understand what is going on here.

Rabbi AA - I ask of you, no commentaries.

Ray - I'll try to do it less.

Rabbi AA - Thank you.

Ray - As it is, I don't write many comments.

Rabbi AA - Well, again, thank you.

Ray - About **MM**, I'm not sure how much more I can push. I tried diplomatically as she likes and is accustomed to. I let her speak and clean a lot from her heart and I only listened. When I tried to clarify things or help her correct things, she remained steadfast. We're good friends and we always will be. We have a certain kind of love between us that only her and I can understand with a lot of mutual respect. I am willing to be satisfied with her love and love her back in my own way without a lot of nonsense. I'm sure that ultimately it will lead us to our destination in our own way. Not everything has to be done or go through the █████ family. As you know we are very challenged and I prefer to have her in her own way than to lose her completely, like her sister.

Rabbi AA - I understand that she's completely floating in her own worlds. █████, the daughter of ADAM. I shall ask not to shorten her name.

Ray - Yes, it's exactly so.

Rabbi AA - I'm saddened to hear. It's a shame.

Ray - It all comes from stubbornness and lack of ability and general understanding.

Rabbi AA - I loved your delicacy in the matter, beautiful words. You really have improved.

Ray - She is still an idol worshiper and the religion has messed up her mind completely.

Rabbi AA - Religion is religion, and to my great sadness many like her are falling into the cobweb far from spirituality and the true spirit of love. I'm hurting for her and I feel sorrow for her children.

Ray - You, of all people, know that I've tried everything. She simply chooses what she chooses. Everything is very difficult for her and she still persists. She had a short time that she became less stubborn and was a bit more awake to be enlightened, but since ADAM left us, she forgot everything and went back to her ways.

Rabbi AA - He didn't leave and did not abandon anyone, and the fact that she chose to go back to her ways is nobody's fault, simply her own personal choice. Continue to guide. It's possible that soon something will change within her.

Ray - Poor children.

Rabbi AA - In regards to **MM**, I understand what you said, but due to my pending move, I would like to pass the following things on to her and everyone else.

Ray - What things?

Rabbi AA - Please write.

Ray - I'm writing, just slower please, I'm starting to lose it.

Rabbi AA - The biggest paradox of our times within history as a whole is that we have taller buildings but shorter tolerance. Everyone has short fuses. We have wider roads but narrower point of views. We spend more and always find ourselves with less and less. We buy more and enjoy less. We have bigger houses and smaller families. You are a classic example of this.

Ray - Let me be, leave me in peace please. It's enough that I have my mother to lecture me.

Rabbi AA - More comfort but less time to enjoy the comfort. More awards and less feeling and understanding. More knowledge and less ability to judge and distinguish. More experts, yet more problems. More medications and more doctors and a lot more sick people and diseases but a lot less healing and health. In one word, in order for you to understand, wellness. We drink too much, smoke too much and spend too much but laugh less. We drive fast, get angry easily, sleep less and wake up tired. We read less and watch and sit in front of the tv

way too much. We pray less, and when we pray more, which usually most human beings do without true intentions, it's as if God suffers from a lack of common sense and intelligence and doesn't know or understand that which takes place in our hearts. We have endlessly enlarged our assets however we endlessly belittled our values.

We talk a lot, love less and hate often. We learn to triple our income but shorten our life span. We don't know how to live. We have added years to our lives but have forgotten to add life into our lives. We live with no life, with no love, with no admiration, affection or compassion.

We have reached the moon and back but never visited the next door neighbor. It seems that the journey to cross the street is too large for us. We have conquered external supernatural spaces, however we forgot our internal space, the natural and the humane. We do bigger things but not better things. We clean the air but contaminate our souls. We've conquered the atomic energy but not the feeling of discrimination within us. We read less, write more, however, not in our own handwriting, and learn less. We forgot ourselves and all of our natural common sense. As you already learned, at the place where religion starts, common sense stops functioning. We plan more and achieve less. We learn to rush but not to wait. We built more computers and communication devices, but we are less and less in touch or communicating. Communication between people simply ceased. When was the last time that we sat as a group and simply talked out of love, brotherhood and admiration?

These are times of fast food and slow digestion. Big people with small character. Big gains and miniscule relationships. More gains, yet more divorce. Less love and more hate. Bigger houses but extremely broken. Beautiful homes from the outside but ugly on the inside. These are days of fast, sexual relations, fat ego, fat body and, of course, pills to help us in each and every thing. Peace, joy, sadness and libido, even when it's necessary to kill - we even have pills for that. What a real enlightened and advanced society (being sarcastic). Times of technology that have brought progress

with destruction and loss. In one push of a button, you can erase all information on your computer and at the same time in a push of a button on a computer I can erase your life and you as a living, breathing, existing human being as if you have never existed. Please remember:

TEN (Give) time to those who are close to you, your people, your family, especially your children. (“TEN” “טן”, which means “To Give”, was written in Hebrew not in a grammatically correct form as part of the code within the original written Hebrew document)

TEN (Give) a good word, especially to those who you are a role model to.

TEN (Give) a warm hug from the heart, it doesn't cost money.

TEN (Give) love to everyone and mean it.

TEN (Give) a kiss.

TEN (Give) your heart.

TEN (Give) your soul.

TEN (Give) a helping hand with love, joy and admiration.

TEN (Give) time for love.

TEN (Give) time for conversation and talk.

TEN (Give) time for reading.

TEN (Give) time for learning.

TEN (Give) time to share your highest thoughts.

TEN (Give) time for true writing, clean and pure writing, that comes from within.

TEN (Give) time for yourself.

TEN (Give) time for your soul.

And always remember:

Life is not measured by the number of breaths we take, rather by the number of moments that take our breath and soul away due to these beautiful moments. Love the Creator and its perfect Creation.

Ray - Wow, that's good, is it possible to rest for a moment and drink something?
(Wow is written in English in the original Hebrew version)

Rabbi AA - Of course, of course, enjoy my friend, enjoy.

Short Break

Ray - I would like to read the last pages before we continue, may I?

Rabbi AA - Yes, surely.

Haim - I would also like to, please.

Rabbi AA - Of course, just interpret what is written please.

Haim - Of course.

Reading break, Haim is interpreting

Ray - May we continue?

Rabbi AA - Yes please.

Ray - I would like to clarify a number of things.

Rabbi AA - We're all ears.

Ray - Regarding you Haim, I did try a few tricks on you but nothing serious. You don't have to think that I did something to you, simply just small experiments in order to know if my technique works, and the name TRANS(c)EDUCING, I simply made up from the word TRANCE. (TRANS(c)EDUCING and TRANCE is written in English in the original Hebrew version)

Haim - You put me under some kind of TRANCE? (TRANCE is written in English in the original Hebrew version)

Ray - No, no, let me try to explain.

Diana - Is it ok with you my Rabbi?

Rabbi AA - Please continue.

Ray - To correct Steve from before, the definition of the word TRANS(c)EDUCING is the transfer of energies from place to place, from atom to atom and the transfer of various energies from energy to energy. And by the way, this we already learned through the energy of water as well as through understanding KONO and his friends. (Kono is the name of an extraterrestrial being from a planet named Konom) You probably all simply forgot that we had a whole

lesson on understanding KONO and his powers including the planet or the star of which he came from. I don't really know what to call his place.

(TRANS(c)EDUCING is written in English in the original Hebrew version)

Rabbi AA - Every planet is a star. We are also considered a star. The star of Tevel.

Ray - I simply exchanged the letter S with the letter C and it gave me the word TRANS(c)EDUCING which, according to what I mean, is the action in which we can cause specific souls at a specific time to transition and to experience dimensions and even cause them to perform certain actions, through a dream, while sleeping, lucid dreaming while awake, through specific words/sayings and touching the human body. I'm still working to improve this process because I don't always succeed but in the meantime it's just fun and a personal pleasure. (The letters S and C and the word TRANS(c)EDUSING is written in English in the original Hebrew version)

Haim - I'm telling you the guy is a complete lunatic, he lost it. He's really bored in life.

Ray - Why? You didn't like it?

Haim - So that means that you did indeed put me into a trance.

Ray - No. No trance. This is just the name of the action.

Rabbi AA - If you have already decided to confess to us, there's no need to continue and go on trying to deceive Haim too much.

Ray - I'm not deceiving anybody. I'm telling you the truth.

Rabbi AA - Try again my friend, maybe you forgot something, maybe the small details.

Haim - I want to know what you did to me.

Ray - Nothing, I swear.

Haim - You're a liar. What are you afraid of?

Ray - I'm not afraid.

Haim - When did you do this to me?

Ray - The first time was a long time ago when we were in Israel together.

Haim - Before we activated **EAGLE**?

Ray - Yes.

Haim - What state was I in? Where was I?

Ray - The first time you were in the hotel sleeping.

Haim - First time? Why, did it happen more than once?

Ray - Yes.

Haim - Did you connect to me in a dream?

Ray - The first time, no. The second time, yes.

Haim - How many times did you do it?

Ray - I don't remember, but a lot.

Haim - How did you do it the first time?

Ray - I entered your room while you were sleeping.

Haim - Where, in the Sheraton?

Ray - Yes.

Haim - Where did you get the key from?

Ray - Do you really want to know?

Diana - Is it really important now? (Written in English in the original Hebrew version)

Haim - Yes, I need to know. Did he already tell you? (Written in English in the original Hebrew version)

Diana - No, but maybe we should move forward, sometimes it is better off not knowing what he is doing. (Written in English in the original Hebrew version)

Haim - No, I want to know. (Written in English in the original Hebrew version)

Rabbi AA - Continue my friend, continue. I feel sorry for your wife.

Ray - What does this have to do with **my wife**?

Rabbi AA - She'll understand it on her own. God have mercy.

Haim - Go on, speak already.

Ray - I forgot the question.

Haim - Enough playing games.

Ray - I really forgot.

Rabbi AA - His honor requests to know the details in the matter of your intrusion and breaking into his room while he was sleeping and the results following the process.

Haim - Thank you, Honorable Rabbi. Is this clear enough for you?

Ray - Yes, not a problem. I don't remember the date but you and I met for breakfast at the Hilton. You didn't pay attention and your wallet was left on the table

while you went to the bathroom. I took out your fake ID because I knew that this was the name you use at the hotel. That same night, around 3am, after I made sure you're phone has not been used for a while, I understood that you were sleeping and I decided to show up at the Sheraton.

Haim - But at nights you were with the **Black Widow**.

Ray - Not at these hours. She would stay until 11 or 12 at the most and then went home to her children and she was not with me every evening. By the way, if you remember, I also asked you for the tranquilizer.

Haim - Yes, I remember.

Ray - The truth is, it was meant for you in case you wake up, not for the Druze.

Haim - You're kidding me?

Ray - Not really, no. Sorry, this was in case you wake up.

Haim - So again you lied to me?

Ray - Yes, a little.

Haim - Continue.

Ray - I arrived to the hotel. I told them that I lost the key. I used your fake ID and they gave me the key. I checked your phone again before I entered through the program that Steve had installed for us. I gathered you were soundly asleep and I entered. I placed your ID back into your wallet and I sat on the carpet next to your bed and I started touching you. You woke up. I had no choice so I used the tranquilizer.

Haim - An exemplary friend.

Ray - It was for a good cause.

Haim - What would you have done in case I was a bit faster and reached my gun and put a bullet in your head?

Ray - I moved your gun into your handbag just in case.

Haim - Liar. Thief. Devious and crazy, simply crazy.

Ray - Am I to blame that you're a shitty Mossad agent.

Rabbi AA - Calm down, immediately.

Ray - I'm sorry, I didn't mean it.

Haim - Continue before I totally lose it.

Ray - There's nothing to continue, that's it. You slept well, I did what I did, it worked pretty well and I went back to the Hilton. In the morning I spoke to you and you had no idea what had transpired. You only told me that you had weird dreams but didn't remember anything. You only remembered my face in the dream.

Haim - World champion, why did you choose me?

Ray - I did it also to others, not just you. Besides, I needed you to help me in a number of things.

Haim - Are you referring to **EAGLE**?

Ray - Not just **EAGLE**.

Haim - To whom else did you do this to?

Ray - I don't want to specify, especially not here.

Haim - What happened the second time?

Ray - That was already easier. I continued to do it through a dream, lucid dreaming, through a simple conversation or through touch. All is good, coming from good and going to good. You don't have to worry or be angry, nothing happened.

Be glad that through you I have discovered the system **TRANS(c)EDUCING**.

Haim - I'm tired of you.

Steve - Me too. (Written in English in the original Hebrew version)

Ray - Here, he woke up.

Rabbi AA - You're really exhausting. Please continue.

Ray - I wish to apologize.

Haim - What difference does it make? Tomorrow you'll do whatever you feel like in any situation. You have no morals. You have no limits.

Rabbi AA - Please don't get carried away.

Haim - Honorable Rabbi, when were you thinking to erase his distorted mind? When will you simply neutralize him from all the powers you gave him?

Rabbi AA - I didn't give him anything. God has given and God shall take.

Haim - You even succeeded in exhausting the Rabbi. Now you understand why he's leaving us all.

- Rabbi AA** - For the hundredth time, I'm not leaving anyone. I am simply advancing towards my destiny and I choose the Holy Light. My spirit and my soul yearn for the Light!
- Haim** - I truly understand you Honorable Rabbi. This guy only brings darkness.
- Ray** - Haim, relax. It's not nice, I promise to compensate you when we're alone.
- Haim** - It's going to cost you dearly.
- Ray** - I know, and it's okay. I would be happy to compensate you, just don't be mad.
- Diana** - You remind me of a married couple. (Written in English in the original Hebrew version)
- Ray** - No chance, I'm not gay yet, besides he is not my type. He is too old and ugly. (Written in English in the original Hebrew version)
- Haim** - The feeling is mutual. (Written in English in the original Hebrew version)
- Rabbi AA** - Can we stop talking nonsense? Please continue!
- Ray** - I would like to discuss the matter of your progression towards your destiny.
- Rabbi AA** - What is his Honor requesting?
- Ray** - I understand that you must continue your work and your journey however I don't understand why you cannot keep minimal communication with me. There must be some particular way that we can stay in touch. I'm not referring to everyday communication, just something small once in a while whenever is convenient for you.
- Rabbi AA** - We spoke about this several times and I've already explained to you that a physical communication is completely impossible and it is not up to me.
- Ray** - What about a spiritual communication? I need something small. I don't know what will happen once you move on. Personally I feel a complete and utter collapse. By the way, in my opinion, Diana will not be able to handle it and I'm not sure that TLS New-York can survive this move of yours. ("TLS New-York" is written in English in the original Hebrew version)
- Diana** - I'm fine, keep me out of this. (Written in English in the original Hebrew version)

Ray - Honorable Rabbi, she's trying to project stability and strength but I know her well. This disconnection from you will pose a huge problem for us all. Nothing can replace your love.

Rabbi AA - Of course there is! Each and every one of you has an unlimited ability and inventory to give unconditional love. You are here to support and love one another. We are all one, one family as one force. My place and my physical geographical dimension need not affect us in any way, shape or form. Leaders constantly change. This is the way of the world. Your inner spirit will uplift you.

Ray - But you are the spiritual leader of the whole group.

Rabbi AA - There is a One and Only spiritual leader to us all and that is God. He is One and He is Only for us and with us always.

Steve - May I say something? (Written in English in the original Hebrew version)

Rabbi AA - Please do. (Written in English in the original Hebrew version)

Steve - I tend to agree with **Ray** somewhat. There are many changes within the organization in the near future due to your early departure. I don't feel lost but we as a group might become lost without our leader. (Written in English in the original Hebrew version)

Rabbi AA - Diana is your leader. (Written in English in the original Hebrew version)

Ray - She is not a spiritual leader.

Rabbi AA - She does not possess spiritual force but she is a leader. She has the ability to communicate with the appropriate souls such as OSHO and his leader (the "OSHO" spoken about throughout this text has no relation to the spiritual leader known as "Bhagwan Shree Rajneesh", otherwise known as Osho). Don't forget that a certain connection shall remain between Diana and myself and don't forget that when I complete my work and my infinite destiny within the given dimension, we shall all reunite.

Ray - When?

Rabbi AA - It is not in my ability to pinpoint an exact time.

Ray - Tell me roughly, a week, a year, 10 years.

Rabbi AA - The dimension of time is not an integral part within the equation that belongs to my destiny.

Ray - Can you provide me with a date anyway?

Rabbi AA - I apologize but it is not possible. But what is possible is that each and every one of you, especially you, **Ray**, and Haim, will advance into your destiny, your future, in the most correct, clean and pure way and bring yourselves to unification within my dimension. And it will become possible for us to unite and work together prior to the time of others in the group.

Ray - Who has time and patience to wait so long?

Rabbi AA - Where exactly are you rushing to?

Ray - It seems to me like A very long shot. ("A very long shot" is written in English in the original Hebrew version)

Haim - But possible.

Ray - Are you also trying to tell me that OSHO and his old spiritual guide from Okinawa will assist Diana?

Rabbi AA - Of course.

Ray - Do you know him? (Written in English in the original Hebrew version)

Diana - Yes, I have met him before. (Written in English in the original Hebrew version)

Ray - Is he as old as they say he is? (Written in English in the original Hebrew version)

Diana - He is old of course but he looks very good and very bright and healthy. (Written in English in the original Hebrew version)

Rabbi AA - Don't worry, he looks better than you and feels better than you.

Ray - No, I'm not worried, I just don't like this whole mess.

Rabbi AA - You are always the one who talks about renewal and changes, well you got it.

Ray - That is not what I meant. I don't think that he can take your place.

Rabbi AA - He is much older than I am and he possesses tremendous experience. He possesses great supernatural powers and his wisdom reaches the skies. He is extremely connected. He is full of wisdom, understanding and knowledge.

Ray - Yes but he is not Jewish.

Rabbi AA - What does that have to do with it?

Ray - If he's that good, why is he not being sent to his destiny to the same faraway place that you are traveling to?

Rabbi AA - You are truly a sweet and dear man. He is in his destiny and I am in mine. There is no connection to our religion. Remember that which you have learned and differentiate between religion and spirituality. Spirituality is not interested in religion. It is interested in Light, Peace and Love.

Ray - That is what you have been saying for a long time now but you are still a religious man, an ultra-religious Rabbi from Jerusalem and he is some Japanese man who lives in a cave and is most likely a Buddhist.

The Rabbi is laughing to himself

Rabbi AA - If you only knew your destiny, your path, your future and all past reincarnations.

Ray - So, amuse us Honorable Rabbi.

Rabbi AA - I wish I could.

Ray - Is there a possibility to meet the old Japanese man?

Rabbi AA - Not for you, for Diana!

Ray - Okay, understood.

Rabbi AA - Thank God.

Ray - If I have an issue and I need you, what am I supposed to do?

Rabbi AA - Use Diana, believe me you will not be disappointed. I just ask no tricks or unconventional actions. As per your request, you may remain in touch with her, just understand that it shall be a limited communication especially when it comes to TLS personnel. I respect your choice and your request and as we discussed over the phone, you will be considered as a member of the system however not a member within the system. Your membership is considered as loyalty by me and Diana. ("TLS" is written in English in the original Hebrew version)

Diana - You do understand my limitations, yes? (In English in the original Hebrew version)

- Ray -** Yes, I understand. I just don't want to lose my connection to you. We will meet and speak according to your schedule as you may see fit, as you wish. As long as you feel comfortable, I'm comfortable. (In English in the original Hebrew version)
- Diana -** Very well, thank you. I still urge you to reconsider and become a full pledge member in my organization. It's not too late as long as the Rabbi is here. (In English in the original Hebrew version)
- Ray -** I can't. I thought about it a lot but the pressure is too much. Too much stress. There is too much unfinished business on my end and I can't just get up and leave. (In English in the original Hebrew version)
- Rabbi AA -** It is within your ability to be in a leadership position in the future.
- Ray -** Thank you Honorable Rabbi, but I do not feel that I have yet fulfilled myself here in 2013 within our current reincarnation. I view the world differently today and I enjoy it differently. There are too many souls that are dependent on me and I on them and I don't feel that I can contain the necessary change that is required. Besides, I am surely not worthy to be in a leadership position.
- Rabbi AA -** Maybe not now but you have the ability and the capacity providing you fulfill what's required physically and spiritually in order to empower your self.
- Steve -** He is not worthy and I don't think he is capable of making the right moves towards worthiness. He has too many inhibitions within his current reincarnation and soul. He has too much lust within his body and soul and his brain waves are lusting in an unconventional way. (In English in the original Hebrew version)
- Rabbi AA -** Correction my friend. Maybe he is not worthy yet but his soul is worthy. He proved it over and over again. He is a born leader and he shall become worthy. This is his destiny. He has no choice but to choose his destiny and worthiness through Love, Peace and Light. (In English in the original Hebrew version)
- Ray -** Thank you for all the compliments Honorable Rabbi.

Rabbi AA - You will prove to yourself, to me and to the whole world, your true power through Love, the power of prayer, the power of forgiveness and the power of compassion within your heart.

Ray - Don't start with me now. I know which direction you are taking this conversation. No forgiveness and no nothing. (Speaking slang)

Rabbi AA - Don't despair due to the different obstacles which you face in your spiritual journey. They are there on purpose in order to strengthen your ambition and passion to reach your goal and destiny. As **the Black Widow** told you, a tikkun (rectification) isn't meant to be easy. The higher your destiny and your goal, so is your yearning to ascend in order to reach it. You asked the **Black Widow**, and others, not to disappoint you, so why are you disappointing her? She was sent as help for you and your wife. Use her love for expansion and not just for lust.

Learn and embrace the power of Love, the power of compassion, the power of prayer and above all, the power of forgiveness.

You saw with your own eyes the miracles that are possible to perform through the power of the internal spirits residing within man.

Remember, there is no easy tikkun (rectification)! Place your power in the correct equation and from there, the sky is the limit.

Ray - I understand that you're in the mood for lectures today.

Rabbi - Aha, yes, I'm in the vibe. (Being sarcastic)

The Rabbi lifts the palm of his hands towards the sky and his head down, mumbles something and then he loudly said:

Rabbi AA - God oh God, merciful forgiving God, forgive and pardon his soul and lift his wounded spirit and place blessings, grace and mercy into his ill body for the benefit of humanity and the whole creation. Embrace his soul and his heart with Love, Light and peace, compassion and health!

I didn't know whether to laugh or to cry. I wanted to laugh but Rabbi AA looked way too serious. The Rabbi straightened out, opened his eyes and gazed at me with a piercing and deep look.

Ray - Is everything okay, Honorable Rabbi? Can we continue?

Rabbi AA - I would like you to raise your closed eyes upwards and observe within the depth of your soul while both your hands rest on your heart.

Ray - Now?

Rabbi AA - Yes. Now.

Short break. I believe that this break and this process took me about fifteen minutes and then I returned to myself. I drank a whole bottle of water.

Rabbi AA - Please, continue your writing.

Ray - Okay, I'm ready.

Rabbi AA - Describe to us what you just saw and experienced.

Ray - When? Now?

Rabbi AA - Yes, now.

Ray - And write it?

Rabbi AA - Yes, write it.

Ray - I'm not capable in this forum. Certainly not while I'm writing.

Haim - Again you are refusing the Rabbi's requests?

Ray - I'm not refusing, it's just simply impossible. It's too personal and intimate.

Rabbi AA - I will let you be and shall challenge you again when alone in the Mikveh. Just tell me, have you felt the power of Light within your body in a physical way?

Ray - Yes, very much so.

Rabbi AA - Did it hurt?

Ray - No, not at all. It was hot and cold at the same time.

Rabbi AA - I understand. Let's continue and stop preaching me on different topics and lectures. Answer only when you are required, asked or receive permission in advance.

Ray - Okay, my apologies Honorable Rabbi.

Rabbi AA - The beginning of spiritual awakening is in the inspiration that comes only from the Creator through His messengers and various means. Only after you have stepped into the right path does the true work begin. Don't forget that all the writings speak not only to you but to the whole world. Persist in your way and then the inspiration will arise from your inner essence. Everything that was written by and through the messengers of the Creator has already been said and written. The world is an endless circle. Everything that creates was already created and everything that shall be written was already written and everything that shall be said has already been said and everything that shall happen has already happened. I'm simply trying to refresh your memory, your soul's memory and empower your education and destiny into the internal Light where our souls yearn for. Materialistic desires are like Rays of Light within the black space. It seems that the Rays are there at your reach but when you try to catch them.....remember?

Ray - Yes I remember. Who told you? OSHO? (OSHO is written in English in the original Hebrew version)

Rabbi AA - Of course.

Ray - It's not funny.

Rabbi AA - It was very funny to me.

Ray - I was even a little injured and got burned by the heat.

Rabbi AA - Maybe next time before you plan a mission on your own accord, secure yourself a suit to protect you. Only you are crazy enough to arrive to such a desolate place in sandals. And you're surprised why and how your legs are hurting?

Ray - The pain won't stop. I'm about to go crazy. All these little pieces of metal and stone are coming out of my foot.

Rabbi AA - Maybe on your next visit to Kono and his family, you'll think a bit more before you run and skip on unidentified sand and metal rocks.

Ray - Honorable Rabbi, it's not funny. It really hurts. Help me.

Rabbi AA - Help yourself.

Ray - I was just excited. It's not every day that I arrive to such strange places.

Rabbi AA - You are the strangest above them all my friend. If you believe it's possible to damage, believe it's possible to fix. If you believe it's possible to hurt, believe it's also possible to heal.

Remember: Each and every thing can change from the very worst to the very best in a blink of an eye. Open your eyes, your ears and your heart. Numb your senses and you shall touch the Light in a blink of an eye.

Ray - I can't deal with these codes. You are confusing me.

Rabbi AA - Change the current brain waves and focus only on my eyes.

Short break, a little water and I'm back

Ray - I'm ready to continue.

Rabbi AA - Would you like to look through the last pages?

Ray - No, let's continue. Suddenly I feel like going to the Mikveh.

Rabbi AA - Praise the Lord. Finally a Ray of Light. I ask of you to pray.

Ray - Sure, no problem.

Rabbi AA - Pray with feeling and God shall answer you. Pray with full intention. Open your inner eyes and see the gates of the sky opening for you. Pray with happiness and joy and you shall see your wishes rise straight to Source. Don't occupy yourself with the dimension of time and the dimension of space. Occupy yourself in what matters and not in the mundane. A man in his world does not have tomorrow but rather this day, this hour and this given moment. Don't get caught up in the illusions of tomorrow. The day of tomorrow is a completely different world. When the heart is yearning, the distance is no obstacle. Don't be saddened in the face of your failures. Never surrender to the feelings of sadness and loneliness. We are never alone. Feelings of distance from the Holy God is your own personal feeling. It is not reality. The Creator is always here and you are His creation and the health of your body shall come from acknowledging the goodness in the Creator and His creation.

In your many yearnings to unite with the Holy God, you yourself sense that your soul is connected to your body with one single fine chord.

Ray - Are you referring to the silver chord?

Rabbi AA - Of course, a thin chord exquisite in its beauty but stronger than any substance that we know in nature.

Ray - So why do you always worry that it will tear and that I will simply be stuck in some unknown place?

Rabbi AA - Because things happened in the past and you forget yourself and your God when the mania of curiosity takes hold of you. Hold on to the song of the power of forgiveness as you pray and a song of praise shall crack open from your mouth.

Ray - I tried to do everything you told me but I don't exactly succeed with the sayings/expressions or the prayers.

Rabbi AA - Never give up.

Ray - It's not that I'm giving up. I just don't understand what to do. I don't understand what is being asked from me.

Rabbi AA - It's not just from you. It's from you and another 98 souls. Among them are Haim and Osho. (The sayings/expressions that Ray and the Rabbi are speaking of are called "Imrot" which is a combination of sayings/expressions written by 18 groups consisting of 99 people in each group. These individuals were specifically chosen to write down these sayings/expressions with the intention of bringing a new and positive energy into the world through these sayings/expressions. There will come a point where the "Imrot" will be shared publicly, although I have not been made aware of a specific date)

Ray - I'm not a Rabbi nor a man of prayer or Torah (Bible) and sometimes you talk to me as if I'm some kind of guru.

Rabbi AA - Guru **Ray** to be correct. (Being sarcastic)

Ray - Honorable Rabbi, that doesn't work out so well.

Rabbi AA - I don't agree. You have transferred part of your sayings/expressions through Diana and as I told you, I am pretty satisfied.

Ray - What does that mean?

- Rabbi AA** - It means that we will never stop singing and your road is short but wide.
- Ray** - So now I became ELVIS. (ELVIS is written in English in the original Hebrew version)
- Rabbi AA** - Don't forget, your highness (being sarcastic) stems from a family of cantors.
- Ray** - Me and all those things don't go hand in hand especially with my poor Hebrew. I can't write very well. I would suggest to use the MD. She's capable of giving you a whole prayer book. (MD is written in English in the original Hebrew version)
- Rabbi AA** - Express your innermost secret thoughts and feelings before God in your own language that you feel most comfortable in. You're even allowed to use foreign language.
- Ray** - Why didn't you say anything before?
- Rabbi AA** - How do you think Osho is communicating with us?
- Ray** - In English? The truth is I tried but it didn't work so well.
- Rabbi AA** - No, Japanese!
- Ray** - I didn't think about that.
- Rabbi AA** - Express your thoughts and innermost emotions. Do not be embarrassed to project your Light. Learn and teach others. Your mouth will burst with true sayings and your hand shall write. The truth is the Light that assists us as we exit the darkness. Turn on the Light, ignite your spark, Light up your world, our world, our sacred land.
- Ray** - Have you gone out of your mind? Have you all forgotten who I am?
- Rabbi AA** - Not even for a moment.
- Ray** - Have you forgotten what you said about me? Your deeds, your actions, your tricks, your sins and a whole long list of things that I currently forgot.
- Rabbi AA** - Rectification my friend, rectification.
- Ray** - Full renovation, Honorable Rabbi, did you forget? I did not forget! (In previous meetings, the Rabbi used the word 'renovation' sarcastically to emphasize the severity of Ray's previous behavior and actions)
- Rabbi AA** - Use the power of the blessing. Eliminate the power of cursing and never ever despair. It is forbidden to give up hope. Derive the utmost value from your

strength through the endless gifts you have received. Every day is a new day. Every day is a gift.

Ray - You never gave me a satisfying answer in regards to the sayings/expressions. It would help me much more if I understand what I'm doing and why I'm doing it.

Rabbi AA - You asked and I answered.

Ray - Yes but it was more avoidance than an answer. I need a satisfying answer.

Rabbi AA - You are in your thoughts. Make sure your thoughts are in the place you wish to be.

Ray - Honorable Rabbi, I'm so tired and confused, sometimes I don't even remember my name. I don't understand what you're all expecting of me.

Rabbi AA - Allow me to help you a bit.

Ray - Please Do. (In English in the original Hebrew version)

Diana - My Rabbi, can you move to English? Myself and Steve find it very hard through translation. (In English in the original Hebrew version)

Rabbi AA - I don't think it is possible. However I shall do my best to be clear throughout the conversation. (In English in the original Hebrew version)
And so my friend, in order to understand in a more educated way, I shall ask you a simple question.

Ray - Which is?

Rabbi AA - What is your understanding regarding the essence and purpose of the sayings/expressions as you have been requested to do? According to your limited understanding, what do you think is the reason that TLS activated 99 different people in such a way in order to receive a collection of sayings/expressions or prayers?

Ray - To my opinion you are all trying to create some sort of new religion.

Rabbi AA - God forbid, not a new religion.

Ray - Then what?

Rabbi AA - As I explained to you, we're trying to create a sequence and collection of sayings/expressions in order to create new energy, one of which we have yet

to experience. I speak of spiritual energy that will sweep up the entire world into unity, friendship and Love.

Ray - As I said, religion, and if not religion, then a cult.

Rabbi AA - No and no my friend. You were all chosen in order to produce a new, high and powerful energy that will get us all closer into the heart of the Light which is the Age of Light which brings us to the Age of Love that we are all looking forward to. This is the Source.

Ray - It's still a form of religion.

Rabbi AA - Our goal is to unite all religions into one religion and then neutralize and destroy it so all beings will unite under one roof through unity, friendship and true Love, pure Light.

Ray - And what will happen to the Torah (Bible)?

Rabbi AA - Our Torah is our flag. The flag of the Torah will empower and uplift the whole world including external and distant worlds.

Ray - So, again, we're back to religion. Religion is short for Torah laws and judgement. (in Hebrew, the word for "religion" is "DAT". Its abbreviation stands for "DT", which stands for "Din Torah" meaning "Torah Laws & Judgement")

Rabbi AA - We are returning to and yearning for the Source. The source of Light, of Love, of friendship and of true peace within our soul. Religion shall disappear from the world and the Holy spirit shall hover over the face of the Earth and our Torah is our flag and our fortress. It is the blood running through our veins, if our will is eternal life.

Ray - Let's say that I understand and agree with you, although it seems to me that you're trying to distract me, what exactly is the nonsense and sayings/expressions that I'm writing supposed to do for anyone? How exactly will it help humanity? If you all remember, both Haim and Steve claimed a few times that I'm not human. Why aren't you writing sayings/expressions?

Rabbi AA - You are a small piece within the world puzzle. A very small piece but with meaning and influence. I wrote a lot of sayings/expressions and you all, as a group, are continuing the writings/expressions of those in the system.

- Ray -** I don't understand. If you wrote, or all of you wrote, what do you want from me?
- Rabbi AA -** There are 18 different groups. Each group includes 99 souls. Each group, in its defined time, needs to write its saying/expressions and present its work in its due time into the international safe of sayings/expressions.
- Haim -** What group are you Honorable Rabbi?
- Rabbi AA -** I was honored and blessed to join the first group that made its way to the Age of Love.
- Ray -** What number group is mine and Haim's?
- Rabbi AA -** 10.
- Ray -** Well of course, what a stupid question! You should have said Ten Honorable Rabbi, not 10! ("TEN" "טן", which means "To Give", was written in Hebrew not in a grammatically correct form as part of the code within the original written Hebrew document)
- Haim -** Is this the reason that you taught us to change the prayer on page 10 in my prayer book?
- Rabbi AA -** It's part of the reason. Don't forget that we needed to neutralize different suns and Earth's atomic force.
- Ray -** Are you speaking of the earthquakes?
- Rabbi AA -** Yes, amongst other things.
- Ray -** So what you are telling me is that a long time ago, before we were even born, we were chosen to create sayings/expressions in order to create some sort of spiritual energy to unite the world?
- Rabbi AA -** I always loved the practicality and the simplicity in you. The answer to your question in the most simple way that I can give is absolutely yes! According to your limited understanding!
- Ray -** So where is the freedom of choice?
- Rabbi AA -** You are free to refuse and leave the group. You are free to refuse and not write your sayings/expressions!
- Ray -** And then you're going to cut off my head!
- Rabbi AA -** Where did you get that impression from? Absolutely not.

- Ray -** Maybe because of all the pressure that you have put on me in the last 6 months Honorable Rabbi?
- Rabbi AA -** My mission is to urge you, to make you more productive and the whole group as a whole. And as a soul friend, I expect your help.
- Ray -** Honorable Rabbi, I will do everything for you but prayers and sayings/expressions from one like me? Aren't you exaggerating?
- Rabbi AA -** The entirety of the whole world was created through sayings/expressions. Return to the book of Genesis. Read through it with precision as I asked. It will help you navigate between the lines.
- Ray -** Those were the sayings/expressions of God. I'm simply **Ray** and let's not even talk about poor Haim. He's in it for over 6 months and he only has one page. He's seriously limited.
- Haim -** Why, are you any better?
- Ray -** I started long after you and I have at least 30 pages.
- Rabbi AA -** You're supposed to share information and support each other. This isn't a competition of limited people.
- Haim -** Honorable Rabbi, I wrote over 300 pages. It simply isn't working out for me. Only one page seems right to me. The rest I have destroyed.
- Rabbi AA -** Bravo my friend, bravo. Be strong and of good courage. Rise up and succeed in all your doings. Do not be discouraged. All is accepted with blessing. Even one line can elevate the whole world. **Give** ("TEN" "עָן", which means "To Give", was written in Hebrew not in a grammatically correct form as part of the code within the written Hebrew document) your Love into your sayings/expressions and you shall feel the difference immediately. All is coming from good and is accepted with blessing, you need not fear. Without passion and yearning to God you shall turn into rotten flesh and be eaten by the wolves of time.
- Haim -** I think I understand. I shall continue according to your demands Honorable Rabbi. I don't feel like getting into trouble with wolves.
- Rabbi AA -** **Ray**, where is your head at? What are you thinking about?

Ray - I'm trying to put the numbers together through the codes and it's not working out for me.

Rabbi AA - As you are writing?

Ray - Yes, in this dimension it's not that hard.

Haim - In the middle of writing you are doing calculations? Totally a weird alien.

Rabbi AA - Perhaps focus on me at this moment and keep your work for a later time?

Ray - No problem, just explain one thing to me.

Rabbi AA - Yes my friend.

Ray - I understand that the term **"Give Love"** ("Ten Ahava" "טן אהבה" which means "Give Love" was written in Hebrew not in a grammatically correct form as part of the code within the original written Hebrew document) equals 18 and that's the direction I was taking lately when trying to compose these strange sayings/expressions that you are asking for, not to mention my broken Hebrew that is literally embarrassing to even hand over such papers.

(These are lists that I did with my left hand on a separate paper during my conversation with the Rabbi)

The following calculations were all done through Gematria:

$5=14=59 = \text{טן}$ (TEN means TO GIVE)

$(4)=13= \text{אהבה}$ (AHAVA means LOVE)

$5+13=18$

$14+4=18$

$18 = \text{חי}$ (CHAI means LIFE)

$18 \times 99 = 1782 = 18$ שיטת ההכפלה: (The multiplication system)

Diana - Get to the point please. (In English in the original Hebrew version)

Ray - 18 groups of 99 people are not working out for me in any way. I tried everything.

Rabbi AA - Did you try multiplying?

Ray - No, no I didn't think about it. Wow (In English in the original Hebrew version)
You're absolutely right.

Diana - Thank you for the vote of confidence in my Rabbi but can you please explain to me what are you talking about? (In English in the original Hebrew version)

I changed the pen

Rabbi AA - I see that the widow's gift ceased to write. (Ray received a gift of a pen from the Black Widow that he used in all his writings)

Ray - Does the black ink pen bother you?

Rabbi AA - No. Please continue.

Diana - Please people, can you be more confusing maybe? (In English in the original Hebrew version)

Steve - We need English please! (In English in the original Hebrew version)

Rabbi AA - Would you like to please explain to our friends?

Ray - Ok. (In English in the original Hebrew version)

(More lists that I did with my left hand during my conversation with the Rabbi and while writing on a separate paper)

טן = 59 = 14 = 5 = ה"ה = השם (TEN means TO GIVE)

The letter ה - H in Hebrew is God which is equivalent to 5

אהבה = 13 + 5 (AHAVA means LOVE)

(In English in the original Hebrew version) 18 total

חיי = 18 = 1782 = 99 x 18 (CHAI means LIFE)

(י"ט)

(In English in the original Hebrew version) 19 megahertz = 19MH

חמ"ט MHZ

19 = 4087 = 55

כח אלוהי פעמיים. (Double the Godly force)

- Haim -** Would you like to please stop your calculations and explain what you are both talking about? You've driven me crazy already. And switch to English.
- Rabbi AA -** No, Hebrew!
- Ray -** What do you mean, you also haven't yet figured it out yet?
- Haim -** What are you talking about?
- Ray -** Everything works on the Prayer 18 which is in the frequency of 19. 19 MHZ. Do you not remember? It equals to double the Godly power.
- Haim -** Okay so, what's the connection?
- Diana -** Rabbi, please move to English. (In English in the original Hebrew version)
- Rabbi AA -** No, right now it's not possible. I'm asking everyone to relax, breathe deeply and allow **Ray** to explain himself.
- Ray -** English?
- Rabbi AA -** No.
- Ray -** As you know, the Rabbi has been directing us for a long time towards the term **"Give Love"** ("Ten Ahava" **"טן אהבה"** which means "Give Love" was written in Hebrew not in a grammatically correct form as part of the code within the original written Hebrew document) which in Gematria equals 18 (18 in Gematria means Life). The groups were selected and the people were also selected along the same guidelines, and if you multiply 18 with 99 you will get the Gematria 18 as we learned in the famous "Shemoneh Esreh Prayer", (the "Shemoneh Esreh Prayer" otherwise known as the "Amidah" – "Prayer 18", is the central prayer of the Jewish liturgy. This prayer, among others, is found in the siddur, the traditional Jewish prayer book. Due to its importance, it is simply called "The Prayer" in Rabbinic literature) that I don't really like to do in the morning. (Being sarcastic)
- Rabbi AA -** It's not funny. You're only going to confuse them more.
- Ray -** A little bit of humor, Honorable Rabbi.
- Rabbi AA -** Please continue and be brief.

Ray - And so gentlemen, “Prayer 18” (a daily ritual/prayer in the Jewish faith) which is actually a combination of 19 prayers/blessings and transmits on the frequency of 19 MHZ, is the direction that we have to strive for which is 19 MHZ. It equals to double the Godly force and of course to $2 \times 5=10$. (In Gematria the letter ה in Hebrew means God which equals to 5)

Haim - I think I’m starting to get it.

Steve - I’m very happy for you but I’m lost. (In English in the original Hebrew version)

Ray - Honorable Rabbi...so there’s no need to fly to Bora Bora, thank God. I don’t even understand why you suggested Bora Bora. Couldn’t you say anything before? I would have finished a long time ago.

Haim - What do you mean Bora Bora? What does Bora Bora have to do with this? What are you talking about?

Ray - A private joke between me and the Rabbi.

Haim - Wait a second, now I understand the role of **the Black Widow** and your obsession with her. You use the name "████" as “Love” (“Ahava” “אהבה” which means “Love” was written in Hebrew in the original Hebrew version) and the Rabbi insists on the name "████" which means “Godly Love” (“Ahavat Hashem” “אהבת השם” which means “Godly Love” was written in Hebrew in the original Hebrew version) which is 18 which is “Give love” (“Ten Ahava” “טנ אהבה” which means “Give Love” was written in Hebrew not in a grammatically correct form as part of the code within the original written Hebrew document)

Rabbi AA - Haim, please relax. You got a bit carried away. The explanation ends now. Period.

Ray - Shall I erase Honorable Rabbi?

Rabbi AA - No, there’s no need. I’m sure you’ll find a way to distract the mind of the widow and the entire family. Don’t forget to compartmentalize **BA** as TEN and your wife as Love and reversed Love! (“TEN” “טנ”, which means “To Give”, was written in Hebrew not in a grammatically correct form as part of the code within the original written Hebrew document)

- Haim -** Poor souls, if they only knew what a rattlesnake you are! You knew and planned all of this in advance and all of this with the support of the Rabbi! God have mercy.
- Ray -** To remind you, Haim, my dear friend, that the Rabbi taught us that jealousy will bring destruction upon us and the entire world. And to remind you Honorable Rabbi, her name is **the Black Widow**. There's no need to poke at her.
- Rabbi AA -** I shall leave the power of judgement to her and her alone.
- Diana -** I'm very happy that you are all very happy, however, if you would pay attention, the genius MI (Haim) stopped hand translating and we don't understand anything at all. So maybe we should just remove ourselves to another room.
- I wouldn't want to interfere. (In English in the original Hebrew version)
- Haim -** I'm sorry honey, I just got confused from all the excitement.
- I can read for you'd if you like. (In English in the original Hebrew version)
- Diana -** I would like to get an explanation from the Rabbi please. (In English in the original Hebrew version)
- Ray -** There is no need. You're not writing anything anyway and this new information shouldn't concern you at all. It's really not important right now. It is a simple math combination of letters and numbers to create a formula. (In English in the original Hebrew version)
- Rabbi AA -** Besides, under the circumstances we are in, **Ray** would not be able to give a full explanation on paper. I will fill you both in privately. We have a lot of catching up to do anyway. (In English in the original Hebrew version)
- Haim -** Honorable Rabbi, this is truly bigger than life. I wish I would have known and would have connected it all 6 months ago, I would have finished all of it.
- Rabbi AA -** This is **Ray's**, not yours.
- Haim -** What's his?
- Rabbi AA -** The additional Gematria.
- Haim -** What do you mean he has exclusivity on "Give Love"? ("Ten Ahava")

“טנ אהבה” which means “Give Love” was written in Hebrew not in a grammatically correct form as part of the code within the original written Hebrew document)

I never heard such a thing in my life - exclusivity on an expression in the Hebrew language. Did he register a trademark? (Being sarcastic)

Rabbi AA - Haim, relax. You're foaming out of your mouth. He has exclusivity on the composed Gematria of the term “Godly Love” in the writing of the sayings/expressions of his choice. (“Ahavat Hashem” “אהבת השם” which means “Godly Love” was written in Hebrew in the original Hebrew version)

Haim - You mean **the Black Widow**!

Rabbi AA - No, I mean “Godly Love” (“Ahavat Hashem” “אהבת השם” which means “Godly Love” was written in Hebrew in the original Hebrew version)

Ray - The jealousy is eating you up. But don't worry, I learned to share my happiness. Your sayings/expressions are on me. (Being sarcastic)

Rabbi AA - This is not a competition. Please stop.

Ray - **The Black Widow** ruined his health and his conscience.

I'm cracking up with laughter and Diana and Steve are joining without understanding why. I suppose my laughter is contagious.

Rabbi AA - Her name is **the Black Widow** and please don't stop translating the conversation. It isn't fair to the team.

Haim - He's driving me crazy.

Rabbi AA - You are causing that all by yourself. You fall into his trap every time. Ignore his sarcasm and he will stop on his own.

Ray - And that includes spying on my phone and my personal life.

Rabbi AA - My dear friend, in case you didn't want certain personal things to be visible on your phone, you wouldn't have downloaded sensitive information to it unnecessarily.

Haim - You're doing this on purpose because your ego is bigger than you and

██████████.

Ray - He's nervous today, it's better I don't answer him.

Haim - I need a break.

Ray - Honorable Rabbi, how do you know of the sensitive information on my phone? Did Haim tell you?

Rabbi AA - No, please continue.

Haim - Honorable Rabbi, I can't. I have to leave this room for a few minutes.

Short break and we continued

Rabbi AA - Has everyone calmed down?

Ray - Yes, Honorable Rabbi. Everyone has made up with everyone.

Rabbi AA - Very well, nice children. In order to complete the subject of the sayings/expressions, I wish to once again explain to you **Ray** and to you Haim, the meaning of creation through the sayings/expressions. Each box in the puzzle is important. One is not less than another. Each and every box, no matter its size, is an inseparable piece of the world puzzle. You were honored to be chosen into an intertwined system that is complicated to understand. Neither one of us has all the answers and understandings including myself. But all of us together will combine and hold hands as a team and we shall reach the Light through pure energy. As a result of your new comprehension, I now expect of you to finish your work rapidly and progress together with the large group into the Source which is the Source of our intelligence and our comprehension, wisdom, understanding and knowledge.

Ray - Honorable Rabbi, don't despair. Now that I began to understand the general basis, I'm going to compose for you not only a book of sayings/expressions but a new book of prayer and I'm going to write on the cover "Godly Love" prayer book or **the Black Widow** prayer book which even sounds a bit better. I never thought that I would invent a new religion. ("Ahavat Hashem" "אהבת השם" which means "Godly Love" was written in Hebrew in the original Hebrew version)

Rabbi AA - God forbid.

Haim - We shall call that religion 'and you rejoiced and you rejoiced and you rejoiced'. (A private joke between Haim and **Ray**)

Even the Rabbi started laughing, only Steve is sitting there angry with a sour face

Rabbi AA - Enough with the foolishness, please continue my friend.

Ray - This is really amazing Honorable Rabbi. Imagine that instead of a Book of Psalms, there would be a Book "**The Black Widow**" or "**Godly Love**" I can see **MM**'s sister swaying (praying) at the window with the new book from dawn to dusk and giving lectures to everyone to rejoice, rejoice and rejoice. ("Ahavat Hashem" "אהבת השם" which means "Godly Love" was written in Hebrew in the original Hebrew version)

Diana - I think the MD shall be even more connected.

Even the Rabbi began to laugh

Ray - And I will continue to call her [REDACTED], but this time she won't know that I'm behind it all.

Rabbi AA - Instead of mocking her, why don't you help her?

Ray - Honorable Rabbi, I yelled, I cursed, I spoke, I screamed, I blessed, I wasted a great deal of time and lots of money. You even sent her the pendant along with a blessing and a conversation that I had with her from heart to heart, however, she is a stubborn person. She wakes up in the morning and forgets it all. What she wants is to be [REDACTED].

Rabbi AA - [REDACTED], the daughter of ADAM, was destined to be holy and you will not slander her name and her honor. Interpret her name and her honor for me in Gematria.

Ray - One moment. Give me a second. I need time to think.

Rabbi AA - What happened, our mystical kabbalist fell asleep? (Being sarcastic)

(Lists are on a separate page that I did with my left hand while I'm writing)

5 5

ה ה (The letter H in Hebrew)

ק=100=30+20+10+40 (The letter Kuf in Hebrew)

Ray - The meaning is the rising of God or the rising of God (it's interpreted here twice the same way since "Hashem" in Hebrew can be read as Hashem "השם" or as the letter H "ה" whereas both were written in this sentence in the original Hebrew version). Double the Divine spirit and this is only in the first name (without a middle or last name).

Rabbi AA - Now would you be so kind and shut up. You forgot to mention the name of God twice and you forgot to mention water of God. Respect your destiny, respect your role, your job and your craft. Respect all creations for what they are, as they are all the creation of the Creator. Stop mocking and cursing, give Love and blessing, give kindness and mercy. Give understanding and Light. And don't forget that the letter "kuf" (a Hebrew letter "ק") is made up of "Ten". Give and don't forget that she is full of giving. Please leave her complete name when printing. ("TEN" "טן", which means "To Give", was written in Hebrew not in a grammatically correct form as part of the code within the original written Hebrew document)

Ray - Believe me, I gave, but I understand. I will continue doing what you say. I hope she doesn't upset me with her nonsense.

Rabbi AA - Bless her and send her your love.

Ray - Ok, done.

Diana - My Rabbi, I want to revisit again the issue of **Ray's** initiation. (In English in the original Hebrew version)

Ray - I'm not interested. (In English in the original Hebrew version)

Rabbi AA - How come?

Ray - I don't think I'm worthy, let's begin with that. Besides, lately I have been suffering with problems regarding thinking and concentration and I simply lost

a lot of my memory. My body is partially shattered for different reasons and most of the time I am busy licking my wounds - both the physical and mental wounds, and I am not interested in talking about that.

Rabbi AA - You said you are not worthy, how come?

Ray - Diana is talking about a different type of friendship than the others. She wants us to work closely together, like she works with Steve. She is planning a massively crucial mission, and for that I am not worthy. I don't have the mental capacity and the patience right now to start new things and as I said earlier, I don't feel that I have yet fulfilled myself here in this incarnation of 2013 and onwards.

Rabbi AA - It actually makes me happy to hear that you came around and learned to appreciate your current incarnation. But all she asked for was help for the system. Nobody is suggesting that you change your soul incarnation or disturb your soul process, on the contrary.

Haim - Don't forget that the whole family depends on you and that includes **the Black Widow** who needs you now more than ever.

Ray - We all need one another and **the Black Widow** is personally quite settled for the near future.

Rabbi AA - How did his Honor come to these conclusions?

Ray - Did you forget Honorable Rabbi? "The Love of God"! If you want me to finish the written expressions/sayings project (as you requested of me), and this includes Haim and of course Osho as well, I have to activate her.

Rabbi AA - I knew that one day I would regret it.

Ray - Regret what?

Rabbi AA - Being overly transparent in the eyes of your creative soul.

Ray - The truth is the truth Honorable Rabbi. And the truth shall set you free. ("And the truth will set you free" is written in English in the original Hebrew version)

Rabbi AA - You cannot take advantage of an opportunity and attempt to extort the system.

Ray - Why not? The system has done it to me for almost 4 years, very nicely I must say.

Rabbi AA - We will talk about **the Black Widow** in privacy in the "Mikveh"

Ray - Excellent idea Honorable Rabbi.

Rabbi AA - In regards to the rest of your excuses such as your body, your memory and so on, they're simply excuses. I taught you what to do. Simply wake up in the morning and rehabilitate yourself. The remedy is in your hands. The entire system, including your wife, is at your disposal.

Ray - The family is expecting progress.

Rabbi AA - Tell the family that I am expecting that as well. Without mentioning unnecessary details, I did as you requested regarding different subjects. I don't see progress and you're refusal to personally advance does not help.

Ray - You mean for **MM**?

Rabbi AA - I mean for everybody. I explained to you that it was not the proper timing at the time but you insisted. I wanted you to see with your own eyes, maybe then you would stop pressuring me and the entire system.

Ray - I still believe in the family and still believe that things will progress. They simply need a motivational talk from time to time.

Rabbi AA - I wish full and complete success for everyone.

Ray - I don't want wishes, I want blessings.

Rabbi AA - Bless and I will bless with you to your heart's content.

Diana - I urge you to reconsider. (Written in English in the original Hebrew version)

Ray - Let me finish my own personal and family issues and I will be able to think more clearly. My business is suffering right now and I need to put everything in order first, that is also including my own personal affairs and my physical condition which is not doing too well lately. Don't forget that lately you added a few small things to my plate which I'm glad to do, it's just that I feel sometimes overwhelmed. The stress is getting to me lately and I want to slow down a little bit. (Written in English in the original Hebrew version)

Diana - I understand you, however, I don't fully agree. (Written in English in the original Hebrew version)

Rabbi AA - Neither do I. I don't advocate for your methods.

Ray - What did I do now?

Rabbi AA - Two things that disturb me.

Ray - What?

Rabbi AA - The first is the issue of the “Mezuzah”. (A Hebrew word for a small case with a written scroll inside which Jewish people put on their doorpost as protection as commanded in the Torah)

Ray - Are you talking about the “Mezuzah” of **BA**?

Rabbi AA - Yes.

Ray - I’m working on it. It got a bit postponed due to difficulties she ran into.

Rabbi AA - Excuses again. Next time you meet, give her a blessing on my behalf, bless her with the triangular blessing (Referring to a specific Prayer in Hebrew) and explain to her that her due date is 12-23-13.

Ray - Okay, very well, I will speak with her.

Rabbi AA - And don’t try to ask for an extension.

Ray - Is that the date you are thinking of leaving?

Rabbi AA - For the last time, I’m not leaving. And I don’t know my date yet.

Ray - Ok I understand. What is the second subject that disturbs you? (“Ok” is written in English in the original Hebrew version)

Rabbi AA - That young lady, whose house you visited lately, who suffers from Multiple Sclerosis.

Ray - You mean MS? (“MS” is written in English in the original Hebrew version)

Rabbi AA - Yes.

Ray - So, what is the problem? I helped her as I was requested.

Rabbi AA - You don’t think that you were a bit blunt with your words and methods?

Ray - No.

Rabbi AA - You meet a married woman with two children who lives in fear of the illness, and with no mercy, at your first meeting you tell her that she must get a divorce?

Ray - Yes, what’s wrong with that?

Rabbi AA - Maybe ask yourself what is wrong with that?

Ray - Honorable Rabbi, [REDACTED] is a young woman, a mother of two children and very sick with various illnesses that all arise from within her soul. She doesn’t have any physical illness. It’s all mental and it all comes from her idiot husband. I simply explained to her that no doctor and no medication would help her as long as she

is around him, and eventually she understood and agreed. I summarized for her the whole time she was with him from the day she met him and it was very clear that he is a very negative energy for her.

Rabbi AA - You told her that her husband is a devil. You called him Satan!

Ray - Correct, and that's the truth. He does a lot of bad things to her. Choking her (financially), exploiting her, cheating on her, and deceiving her. He abuses her weaknesses and her illnesses and made her a slave. What's wrong with telling the truth?

Rabbi AA - Sometimes you need to be gentle. You shake her husband's hand and five minutes after he leaves you, you tell her all the injustices that he does to her behind her back. It is difficult for a normal human being to comprehend your power and your style of speech.

Ray - Honorable Rabbi, she wasn't very surprised and didn't even try to deny anything, even the fact that he sleeps with men. What she was more interested in was where I got all of this private information from.

Rabbi AA - You shocked her.

Ray - That's the goal. She is simply stupid, and instead of acting the way I told her to, she went and told him everything I said. It's not my fault that she suffers from a low IQ. She asked for my personal opinion and that's what I did.

Rabbi AA - She asked for your medical opinion because her doctors lost hope.

Ray - And my medical opinion is, that in order to heal, she needs to leave her husband as soon as possible! But she is lazy and thinks more about how much money she can get out of this divorce. She married him without loving him, made children without loving him and now it's time to pay the price.

Haim - Honorable Rabbi, leave him alone, he is a lost case.

Rabbi AA - You really do not understand where you went wrong?

Ray - No, definitely not. I don't think I did anything wrong. She asked questions and I answered the truth and the whole truth as I know it.

Rabbi AA - Why did you find it right to talk to her about her sex life?

Ray - Because she doesn't have a sex life and it's also part of her illness. She doesn't laugh and she doesn't have intercourse, maybe once every two months. She

doesn't spend much time out of the house. She keeps to herself and she simply became some sort of slave. He gives her money precisely for what she needs and she manages her life like a moron.

Rabbi AA - And the advice of his Honor was that for the time being, the young lady needs to find for herself a lover to pleasure her? (When the Rabbi calls Ray "his Honor" he is being sarcastic yet respectful)

Ray - Yes, something like that. Her soul needs it to heal.

Rabbi AA - Does his Honor remember that the young lady is married with two children?

Ray - Yes.

Rabbi AA - And you do not see any problem with that?

Ray - No. She might be married but she is not a man's woman (Meaning that they're officially married but is not a valid marriage since they never spiritually united nor wholly committed their hearts to each other)

Rabbi AA - Who decided she is not a man's woman?

Ray - Me. I explained it to her as well. She understood and agreed and didn't deny any of the secrets I brought up.

Rabbi AA - Who gave you the authority to determine the relationship status between human beings?

Ray - You.

Rabbi AA - I don't remember such a thing.

Ray - You taught me...did you forget?

Rabbi AA - Our conversation in the past was about specific women only. Each woman and each soul depends on her own personal status.

Ray - You must be joking.

Rabbi AA - Not at all. His Honor simply made up new universal laws and your power disconnected your soul from your brain.

Ray - If I am so disconnected and so wrong, how do you explain that her husband suddenly is so nice and loving to her, and wants to go with her to a marriage counselor?

Rabbi AA - You know the answer, you know the truth.

- Ray -** Right, I know and I also told her the following day not to believe him and all of his games. He finally got caught and wants time to neutralize her completely. She won't heal if she doesn't divorce this devil. I don't have a better word to describe him.
- Rabbi AA -** And then you wonder and don't understand why these souls get attached to you and develop dependency on you, which, by the way, almost always translate their vague emotions into sexual energy and, please, may we not forget your expertise in the flirting department.
- Ray -** Totally not true, I sent her a last E-mail (E-mail is written in English in the original Hebrew version), and I explained her mental and physical state and wished her and her husband success for the benefit of their children. And by the way my **wife** wrote the E-mail (E-mail is written in English in the original Hebrew version) for me. I asked her to keep it private, but, of course, she immediately shared the new information with some of her female friends who obviously informed me.
- Rabbi AA -** It still doesn't absolve you from anything.
- Ray -** She called me the following day to thank me for everything and asked for more help. I told her that I can't help right now. I referred her to her sisters and her friends for support and recommended her to urgently find a lawyer.
- Rabbi AA -** What about the power of forgiveness that is within her?
- Ray -** It's not the right time right now. She is not capable of understanding such a topic, and she is certainly not capable of performing anything spiritual on that level. As it is she thinks that I'm some sort of an alien that fell from the stars in the middle of the night. It's really not appropriate right now. Maybe at a later stage after she gets divorced, if at all. To my opinion, she will remain stupid and will wilt slowly slowly. I wouldn't waste too much time on her.
- Steve -** My Rabbi, I think we should move on. (Written in English in the original Hebrew version)
- Ray -** By the way, what is it you're writing down while we are speaking? (Written in English in the original Hebrew version)
- Steve -** I'm taking notes to myself. (Written in English in the original Hebrew version)
- Ray -** Honorable Rabbi, is this something new? Are you alright with that?

- Rabbi AA** - I don't have any problem with Steve. You may learn something from him and his polite manners.
- Ray** - Steve, can you explain? I'm writing everything anyway and you are going to have a copy anytime you want. (Written in English in the original Hebrew version)
- Steve** - Yes, in Hebrew, besides I'm just taking notes for myself as power points. This is a new system I learned from Helen in order to raise my level of consciousness and subconscious. It is also a tool to sharpen my I.Q. and memory. If you go back to your teachings of 2010 you shall remember the importance of writing as a healing method for our soul. (Written in English in the original Hebrew version)
- Ray** - Well, let him enjoy it, we can proceed.
- Rabbi AA** - Since we already mentioned Helen, (Helen is written in English in the original Hebrew version) you still haven't given me an explanation about what is transpiring between the two of you. You promised me an explanation when we meet.
- Ray** - She already spoke to you and explained it to you.
- Rabbi AA** - She is not able to explain much as she herself doesn't totally understand what happened to you. She is just claiming that you distanced yourself from her in an angry manner and you are trying to isolate yourself from her.
- Ray** - Why is what happened between us so important? It simply doesn't work out for her and I to work together. And I prefer not to continue meeting with her. She has many other projects that are not less important. This whole meditation thing is not for me. I really appreciate all of the information that I got from her. She is a wonderful teacher but I'm not interested anymore. I work better alone.
- Rabbi AA** - She was sent as an aid for you. Why refuse?
- Ray** - That's not exactly correct Honorable Rabbi!
- Rabbi AA** - Please explain.
- Ray** - I prefer not to talk about her.
- Diana** - Something tells me we need to know. (Written in English in the original Hebrew version)
- Steve** - Something tells me we have to know. (Written in English in the original Hebrew version)

Haim - Something tells me we are better off not knowing. (Written in English in the original Hebrew version)

Ray - I think that Haim is right, Honorable Rabbi.

Rabbi AA - You look at me and only at me, not at them and not on the paper and stop fixing what you're writing every second. I am sitting here waiting for an explanation and nobody moves until you complete the explanation. And I demand no comments whatsoever, especially from you Haim. Is that clear?

Ray - Yes Honorable Rabbi.

Haim - Yes Honorable Rabbi.

Rabbi AA - Well....

Ray - Can I get water first?

Rabbi AA - Please.

Short break

Ray - I don't know where to start.

Rabbi AA - Explain why you think that Helen (Helen is written in English in the original Hebrew version) wasn't sent as an aid for you?

Ray - It's yes and no.

Rabbi AA - Details please.

Ray - You promise not to get angry?

Rabbi AA - I'm getting angry from the very question.

Ray - Don't forget about "the degree of anger", Honorable Rabbi. It's not healthy for a person your age.

Haim - It's best you start talking now before they immerse you in the toilet instead of the "Mikveh".

Rabbi AA - Thank you my friend, thank you. Now continue.

Ray - Helen and I (Helen is written in English in the original Hebrew version) worked very nicely for a few months and the progress was quite good. But I always felt uncomfortable. I felt as if she was hiding something from me. When I asked her questions she always found a way to avoid the answers and probably mess with my brain in order for me to forget the questions so that I would continue with her.

Later on I started to ask her questions and I felt that she was lying to me. By the way, she really doesn't know how to lie and she is also very naïve.

Diana - Don't confuse being pure and honest with being naïve. (Written in English in the original Hebrew version)

Ray - Believe me she is naïve. (Written in English in the original Hebrew version)

Rabbi AA - It's not important right now. Please don't interrupt him. We are listening.

Ray - You already know the rest, so why are you pretending as if you don't?

Rabbi AA - Because I do not know. Please continue.

Ray - One day her bag was open and I saw that she had a small File and on it was written "**Ray**" in English. I didn't let her realize that I saw the File, but I began to ask more questions such as why her and I were chosen to work together and why she was supposed to help me. She always gave the same answer, which was: The Rabbi is asking and demanding to find you a calm way and an understanding within your current life in 2013 in order to uplift you into the new reality which you are finding yourself in, and to bring you to the perfect power of Love so that you can embrace the power of forgiveness for your sake and for the sake of your family. ("File" is written in English in the original Hebrew version)

Rabbi AA - How come her answer didn't satisfy you? What exactly didn't you like?

Ray - Actually it was a good answer but it became a robotic answer, and I was quite sure that you trained her in order to get something out of me. Basically it was one big bluff.

Rabbi AA - Obviously, it's not a secret. Love, Love and more Love. And above all to neutralize the measure of anger within you and to lift the power of forgiveness from within you, which your soul yearns for.

Ray - Don't start now with distractions Honorable Rabbi. It doesn't work on me. I already figured it all out so there is no need to play games.

Rabbi AA - Transparency my friend, transparency.

Ray - You wanted transparency and transparency is what you will get.

Rabbi AA - Bravo his Honor, Bravo.

Ray - In short, I asked her if she ever read my personal file as part of her job and work with me, like others usually do, such as Bob and Haim (Bob is written in English

in the original Hebrew version). She of course lied and told me that she didn't and that all that she knows is from friendly conversations with me, with Diana and with others in the system. This already agitated me and I began to explore what she knows, does and why. I knew it had to do with you, Honorable Rabbi, and every time I asked you a question, you found a way to trick me. So far, is this all true Honorable Rabbi?

Rabbi AA - I'm not responding right now. You will receive my response at the end.

Ray - No problem. I will continue.

Rabbi AA - I really hope that you didn't hurt Helen by any means. (Helen is written in English in the original Hebrew version)

Ray - No, I love her. She is a good soul and it's not her fault that you sent her to do your dirty work. Surely not with me.

Rabbi AA - Continue. We are listening.

Ray - The next time we met, before she succeeded in putting me to sleep with her CD, I did a quick out of body experience and I was hovering above her in the room. I made her think I was sleeping in order to see what was happening.

Haim - Why didn't you simply steal her whole bag as you are accustomed to do as a professional thief?

Ray - The room is full of cameras, you would have known within a second.

Rabbi AA - Please continue.

Ray - I understood that she is connecting electrodes to my forehead and tuning the frequency through 2 different devices. She took out my personal file and from these papers she pulled out information which assisted her to tune certain frequencies to the electrodes that were connected to my forehead.

I noticed that Diana, the Rabbi and Steve began to feel uncomfortable in their chairs

Rabbi AA - No need for written comments my friend.

Ray - I told you these are my writings and it's my right. Besides you wanted transparency, so here, you got it. Why aren't you all feeling comfortable?

Rabbi AA - Please, continue.

- Diana -** Did you read the papers in the file? (Written in English in the original Hebrew version)
- Ray -** No I couldn't do it in my state but I was able to track her movements in the room and I understood that all of you are using Helen to play me for a fool by using different frequencies and vibrational energies as we all did before to different subjects. (Written in English in the original Hebrew version)
- Diana -** That's not true. (Written in English in the original Hebrew version)
- Rabbi AA -** We are just trying to help you.
- Ray -** You also lied to me when I asked you what's going on! (Written in English in the original Hebrew version)
- Diana -** Not true. I just wanted to protect you. (Written in English in the original Hebrew version)
- Ray -** Doesn't matter, let's continue.
- Rabbi AA -** Yes **Ray**, let's continue.
- Ray -** I wanted to read the papers and understand what you are doing. At the next meeting I surprised her early and I appeared at her hotel. I told her that I had a bit of a stomach ache, probably because I ate something bad. I used the bathroom in her room and then offered that we do the process between us today in her room instead of now driving to the TLS offices in the heavy traffic ("TLS" written in English in the original Hebrew version). Of course she did not like it but she couldn't resist too much. She was afraid I would get suspicious. She, of course, said that she didn't have any CD's in her room and I, out of sheer coincidence, just happened to pull 10 different CD's out of my bag which she, of course, had given to me to work with. She started to sweat and I continued on playing her game. I asked her if she ever personally did a fetal position (referring to a position that Ray does when trying to scan a person's frequency/dimension). She told me she didn't and I obviously began to convince her to do it with me and that it is a stunning experience where I can teach her many new things and, besides, it's supposed to help me with my stomach aches so I will be calm before she puts me to sleep again.
- Haim -** You are a really sick man. She is a 77 year old woman!

Ray - She is 67 years old and, besides, what does it matter? I did it with you and you **aren't exactly very young yourself.**

Haim - You did it naked?

Ray - No, with underwear and she was covered under a blanket.

Rabbi AA - She agreed?

Ray - Yes. She didn't tell you?

Rabbi AA - No!

Ray - Initially she refused and didn't feel comfortable. But I told her that it's most comfortable in her room because there are no cameras and nobody needs to know. Obviously we disconnected the phones. It was supposed to be between me and her. However, you are pressuring me and want transparency. So here you are, transparency.

Rabbi AA - What was your true goal?

Ray - To put her to sleep.

Rabbi AA - Why?

Ray - I wanted to go over and read all her papers in order to understand what you are doing to me.

Rabbi AA - I understand.

Haim - That's what you have to say, Honorable Rabbi? That's it? "That you understand"!!! Why is he even still breathing?

Rabbi AA - Quiet please.

Ray - In short, I went over everything. I understood your scheme, went back to my bed and pretended to be sleeping together with her. This is how I succeeded to explain the whole two hours that passed and I apologized that my process was unsuccessful. After I woke her up, I explained to her that it does not always work with everyone and suggested that maybe she should try to do the fetal position with Haim.

Steve suddenly remembers to laugh

- Haim -** Wow, you don't know what I'm going to do to you. ("Wow" is written in English in the original Hebrew version)
- Ray -** Relax relax you [REDACTED], she is closer to you in age. You are always looking for a partner and I think she is very available.
- Rabbi AA -** So again, you used a mystical power for a criminal act to your heart's desire.
- Ray -** I really hope, Honorable Rabbi, that you are not denying this.
- Rabbi AA -** I am not denying and I am not confirming.
- Ray -** Did you become the head of the Mossad? (The name of the Israeli secret services, being sarcastic) You said transparency, so transparency it is.
- Rabbi AA -** Absolutely insane.
- Ray -** I understand that you are trying to help me and others. And I also understand that you have a certain interest within the system to cause me and others to perform certain actions. But to try and steal my mind and my brain in such a way and disrupt all the frequencies in my brain in order to make me forgive certain people and give up what doesn't suit me is beyond exaggerated. And it's also not fair to me. I am one of you, I am not the enemy and you treated me like an enemy that is being brainwashed.
- Rabbi AA -** And what did you do to Helen? ("Helen" is written in English in the original Hebrew version)
- Ray -** Not much, I simply took what belonged to me and it is my own personal information from her memory bank. I memorized the material and used the information you gave her to disrupt me, to disrupt her. She got what she deserves.
- Rabbi AA -** Supreme Light, please strengthen my hands, strengthen my Love.
- Haim -** I must know, how?
- Ray -** I took pictures of the material on my phone and sat and studied it at home. By the way, your frequency codes are very interesting. It really helped me with my method TRANS(c)EDUSING which, by the way, helped me fully complete erasing Helen's memory regarding my file. ("Helen" is written in English in the original Hebrew version)
- Diana -** Now I understand her neurotic behavior much better. I thought she was being

hormonal. (Written in English in the original Hebrew version)

Steve - She is 67, probably hardly hormonal. (Written in English in the original Hebrew version)

Ray - That's not you, that's me TRANS(c)EDUSING you to the hormonal explanation solution. So yes, I used you, Haim, and Helen as my guinea pig subjects while perfecting my method of TRANS(c)EDUSING. I love saying this word, TRANS(c)EDUSING. (Written in English in the original Hebrew version)

Rabbi AA - You and I need to talk in private.

Ray - With pleasure.

Rabbi AA - Not now. Finish your list and we will continue to the Mikveh.

Ray - I have a feeling that I am going to be drowned.

Haim - Not a bad idea.

Steve - Could be an integral part of your initiation ceremony coming 12-23-13. Just joking, just joking. (Written in English in the original Hebrew version)

Ray - Not me my friend, not me. (Written in English in the original Hebrew version)

Diana - Steve, I would urge you to get off any initiation ideas at the moment. We have bigger issues to deal with. (Written in English in the original Hebrew version)

Rabbi AA - I just want you to understand that you are causing great sorrow to your mother-in-law and others by your unbearable stubbornness. Your situation and your place within your destiny demand progress. Helen was simply an aid for you, as well as Steve, Diana, Haim and the rest of the members. Without progress we shall not reach our destiny. ("Helen" is written in English in the original Hebrew version)

Ray - I'll get there, but in a different way. You are the one who taught me that there are infinite ways to reach a higher purpose. First I will finish what I need to finish and I'll make sure that everybody involved will pay a price here in our world and in the next reincarnation, if they will even have one. In the case that I succeed, I plan to eliminate the souls involved so they won't appear again and contaminate other reincarnations.

Haim - I told you he is insane.

Diana - The sad thing is he is very serious and most likely to succeed. (Written in English in the original Hebrew version)

Rabbi AA - Soul interference and change is prohibited upon you.

Ray - I really don't care. I will finish what I need to finish. And then I will proceed to my destiny, as you described the process.

Rabbi AA - Do not forget that you are not immune.

Ray - Don't worry I'll manage.

Rabbi AA - What about the souls involved whom you love and demand help for?

Ray - I'll take care of them first. Don't worry about me, I will manage.

Rabbi AA - I shall remind you, compassion.

Ray - I remember, the problem is that you are forgetting. I ask for help in any way possible but you refuse. I haven't felt good for a long time now and it all has to do with my missions with TLS and you are not even willing to give me a bottle of water (**Ray** is referring to a special mystical bottle of water). So please, don't give me lectures about compassion and forgiveness. It's all one big bluff.

Rabbi AA - I would like to remind you that the missions you are referring to were forbidden, but, as usual, with your excessive stubbornness, you chose your own way. And then you run back to "father TLS" for help like a 5 year old kid.

Ray - So help. Overall, I helped you and gave quite a lot of myself!

Rabbi AA - All of us, especially me, helped, are helping and will always help you. But the blessed Holy God does not help a soul that is not willing to help itself. In the last few months we have had hours upon hours of conversations and I guided you in different ways, yet you stick to your own way. I will try in short to speak to your heart again, in writing this time, so that you and everybody involved will be present and aware of the help you wished for. You always claim that your memory got damaged, so let us document together.

Ray - Of course it's damaged. For months, you connected electrodes to my forehead in order for Helen to erase my memory, and then I am supposed to forgive. I know you damaged my memory in a selective way in order to get what you want from it.

- Rabbi AA** - Your understanding is wrong, but I shall provide you with the explanation in private.
- Ray** - You tried to do it to me and even worse than what you did to [REDACTED] but you didn't succeed.
- Diana** - I needed to protect her and her children, please let it go. (Written in English in the original Hebrew version)
- Rabbi AA** - You need to learn how to release the emotions and fears of the past. You must advance for your own good, for your family, your friends and the whole system. Do not let the evil forces win and drag you into the world of darkness, the fields of darkness and the black Light. You are a mass of pure Light, please do not contaminate your aura. Empower your soul and your place in all the worlds for the sake of your highest destiny.
- Ray** - If you were a little more specific and gave some more details it might have helped, but you are doing everything in secrecy. It is terribly exhausting, disappointing and frustrating. Not just for me but for everybody in my opinion.
- Rabbi AA** - Allow me to try to summarize as short as possible that which we have learned together in the past few months for the sake of your progress and for healing your body and mind. As always do not forget that all that was written, is written, and will be written is the property of all and does not refer to you only, personally, but rather to all the higher worlds. I wish to bring you back to the year 2408.
- Ray** - You mean 2448.
- Rabbi AA** - No. 2408. At 2408 we received the "Manna" from the sky ("Mann" is a Hebrew word for the food the Hebrews received from the sky, walking in the desert after leaving Egypt). For 40 years we ate the "Manna" which is basically a type of bread.
- Ray** - I thought that "Manna" was a type of bird like a pheasant.
- Rabbi AA** - There are different theories but rest assured that it was bread, although it wasn't a regular bread, rather a type of bread that gave us the power and the spiritual mind and prepared us to receive the "Torah" in the revelation of Mount Sinai. And here, we need to understand this - that if we were asked what is preparing us to receive spiritual abundance, we would have immediately thought about spiritual

preparation such as learning, diligence, purification of the heart, Mikveh, prayer, Tefillin, fasting and refining and purifying the mind and the soul. Allegedly, in order to receive a spiritual Torah and to withstand such a Supreme occasion of Divine revelation in Mount Sinai, it is necessary to transcend beyond the physical dimension and prepare the body, mind, spirit and soul for the extraordinary abundance. And we actually see the opposite. The bread, which is the food of the physical body, is what prepared us to receive the Light.

Ray - I thought that bread is unhealthy.

Rabbi AA - I am not talking about the bread that you buy in the grocery store. Therefore, we must go into depth regarding the matter of the revelation of the Divine Light in the world and educate ourselves and understand why the main preparation is specifically in the sense of eating. Man's duty is to prepare the vessels to receive the Divine Light. The Divine Light is not revealed without the appropriate vessels to receive the Divine abundance. The main duty of man in this world is in terms of the vessels/tools, which is the secret of the general "Tikkun" (rectification) and all that is meant to attract lights that are descending from above to illuminate within the vessels/tools. Every action of man is within the secret mysticism of the vessels/tools. Man is a vessel on his own which has no contact with the lights at all. We are all vessels/tools for a specific purpose.

Ray - You remind me of one of my conversations with the "Milkman". (A nickname for one of the Rabbi's in Israel) It's as if you are reciting him.

Rabbi AA - He is reciting me. Don't forget that he is one of my students.

Ray - He connected between the "Manna" and the "Matza" (The leaven bread Jewish people eat on Passover) and our status in the spirit world.

Rabbi AA - And this is where you probably lost him. You decided that he is talking nonsense and you decided that he is old and doesn't know what he is talking about so you simply disconnected from him because you disagreed with him and his opinions.

Ray - Don't forget that he eats garbage and drinks milk most of the time. And by the way, he is very ill.

Rabbi AA - Unfortunately you are right but it is not a reason to rule him out. Look in the mirror and you will understand about your ruling out of the righteous Rabbi.

Ray - He is not a Rabbi and I never pretended that I am a Rabbi or a righteous person.

Rabbi AA - Be careful from defamation. ("Lashon Hara" in Hebrew, equivalent to the evil tongue - gossiping/speaking behind someone's back) You are once again losing control of your mouth. I will try to speak simply so as not to anger his Honor and his understanding.

Ray - I'm sorry, continue.

Rabbi AA - The main definition of the vessel is the matter of the expression of the Light. This means that the vessel expresses the Light inside a certain living space. Like radio waves that exist everywhere, but without a fitting device they will not be able to be registered by the ears of human beings. Another example is the connection between the speech and the thought with the speech essentially being a vessel for the thought. Without speech, a person would not be able to express his thoughts at all. We use speech to express a thought. There is no significance for speech without thought and there is no significance for thought without speech or the vessel to express itself outward. And the action is a vessel of expression for the thought as well. Without the vessel of action, the thought cannot be expressed at all in the practical worlds. The action is the garment which expresses the thought in the practical world. And the speech is the garment which expresses the thought in the world of speech. The essence of man's duty in the world is within the vessels. The stages descend and unfold in the following order: **Will, Thought, Speech, Action**. These 4 aspects correspond to the powers of man hidden within the secret of the will, the thought, the speech and the action. And they correspond to 4 realms hidden within the secret of the Nobility, the Creation, the Formation and the Action whereas nobility is the secret of the will, creation is the secret of the thought, formation is the secret of the speech and the action is the secret of the completed practical reality.

Ray - And you expect me to translate all of this to the family?

Rabbi AA - Of course, but in fact there is no need. You don't think that this is simple Hebrew that's easy to understand?

Ray - No. I understand but I can't explain it. I understand what you're aiming towards and I accept the insights of the upper and lower realms, but don't expect me to explain.

Rabbi AA - Give ("TEN" "תן", which means "To Give", was written in Hebrew not in a grammatically correct form as part of the code within the original written Hebrew document) them some more breathing room. You are limiting them in their understanding. **BB** and **EAGLE** would be happy to help you if you need it.

Ray - Good, if so, continue.

Rabbi AA - In general, these are the four stages of attracting abundance from the Supreme worlds to the lower worlds. Within the mysticism of intent, thought, speech and action, the physical body is the lowest layer of the person but within it are hidden the higher layers such as the soul, spirit and mind. We are all here for the general "tikkun" which is a rectification of the soul, the spirit, the mind and the body. All belongs to the Supreme Light and all of us here yearn to rectify everything including the physical body. All of its aspects are included within abundance and enlightenment and therefore, all must really be prepared so that the physical body will be a vessel for the Supreme Light as well. The body is the lowest layer that contains the highest layers within it and, as the foundation, the body needs rectification as part of our destiny.

There is a deep fundamental foundation here. It is a fact that the main preparation for receiving abundance is through the vessels that belong to the layer of the physical body. Meaning, through the act of physical eating.

Therefore, we must be aware that in every way, realm and plane, our soul desires that. Through our thoughts, we are able to continue to pull abundance down lower and lower, step by step, one level at a time. In fact, traveling the worlds with a will of thought and action is a spiritual act. We will find that if we wish to continue the Light into the portal of the physical world, we need materialistic tools that are made from this world such as the "Manna" and "Matza", the food of the body. These are the sustenance that build vessels for the Supreme Light, vessels that stream the Light down all the way to the base of the world of action and from there continue to stream the Light in all the worlds.

Through this, we arrive to the subject of nutrition for the body, the soul and the spirit that gives us vitality. “And eternal life He planted within us”.

Ray - I remember that lecture. We spoke about it a lot but you are always ignoring the fundamental problem.

Rabbi AA - Which is?.....

Ray - Which is the fact that you base everything on the Holy Torah, and also a bit on the Zohar. As long as it wasn't proven that the Holy Torah was written by a Supreme power, your whole lecture is completely null and void although it sounds very good, wise and sometimes it even makes sense. I am sure that the way of eating strengthens and elevates us mentally, spiritually and physically, but you are talking about the connection of “Matza”, “Manna” and man, a spiritual connection. I have never seen or eaten “Manna” but I'm sure that Matza is crappy. And when you and the milkman and others are trying to make a spiritual connection between all of these things it simply doesn't sit right with most people, especially the secular people. For 3000 years you are trying to convince the whole world that the Torah was written by God and for 3000 years you are failing. Maybe it's time to change the strategy. You have to admit that your method as leaders of the religious community simply doesn't work. I understand that you are personally different than all the other Rabbis and you, in your essence, are against religion but you are for the Holy Torah and spirituality. You have to recognize the fact that today after 3000 years the religion is an inseparable part of the Torah.

The Rabbi is looking at me with incomprehensible eyes and his face is all red

Rabbi AA - I have no words to express my astonishment. You succeed time and time again to simply shock me. I met many different and strange souls, higher and lower, more brilliant or less brilliant, more radiant or less radiant, ones with wisdom, understanding and knowledge, ones with Love, unity, compassion and sympathy, ones full of kindness and mercy, ones full of evil power, positive souls, negative souls, strange souls, souls that reached the line of Light and even souls that

touched the Light, including souls from outer worlds. I remember, know, recognize and Love all of them forever, but you are amongst the most special 100, such as Adam and Diana, who always know how to touch my soul. And I, with the entirety of my body and my soul, am grateful and I radiate only Love to the Supreme God and to all the souls involved. And I am thankful for the great privilege that has fallen into my hands, my power, my body, my spirit and my soul. But always in the depths of my soul, in my private time, I ask and wonder about you.

Ray - About me?

Rabbi AA - Yes my friend, about you. And I have yet to receive an answer which explains the phenomenon which I call **Ray**. A creature that was created by the perfect and wonderful Creator Himself. A Creator that created a wonderful creation but incomprehensible, full of contradictions, upheavals, spiritual blows and schemes. A creation full of positive energy, energy of pure Light but always carrying with it, underneath it, the black Light.

A creature of Love

A creature of compassion

A creature of kindness

A creature of joy

A creature of action

A creature of deeds

A creature of thought

A good creature

A creature of anger

A creature of high outrageous frequencies

A creature of marvelous energetic vibration

A creature of lust

A violent creature

A creature of revenge

A creature of jealousy

A creature of no fear

A creature of truth

A creature of fear of the truth

A creature of open heart

A creature of obstruction

A creature of wisdom, understanding and knowledge

In short, an unexplained phenomenon my dear friend, but you know what I am astonished by most of all?

Ray - No.

Rabbi AA - From your stupidity! You can simply drive the people around you mad without much effort on your side.

Ray - Thank you for all the compliments Honorable Rabbi. (Being sarcastic)

Rabbi AA - You are most welcome my dear friend. You personally have seen, felt, touched, experienced, asked, planned, solved, left and came, flew, exited, entered and exited again, operated, fed up, sinned and made others sin, loved, had compassion, learned, radiated compassion, kindness and mercy. You stood in the highest places and crawled in the lowest of the lowest places. You've experienced again and again the good Light. You've done many good graces. You've healed the creatures of the Creator. You've received the gift of the Holy God, the Holy Torah. You gave many gifts and helped your fellow man. You've committed crimes, stole, deceived, desired, cheated, lied, slandered, and used defamation, wounded, hurt, killed and you've murdered and inherited simultaneously but, above all, you rectified and loved without asking for anything in return. You've experienced and probably will still experience all that exists physically and spiritually. You've even upgraded the spiritual methods and you've dared to change universal laws. Your Love is beautiful, pure and brave, and for that you were blessed. Explain to me please, after all that has been said and done, after all of your experiences, especially over the last 4 years, doesn't it satisfy you as an absolute proof?

Ray - No.

Haim - What do you mean, no?

Ray - No, simply no.

Haim -
Ray -

All this and you have a one word answer, no? Don't you have any faith?
No is no! What didn't you understand? You are confusing between the recognition of the good, the Supreme power and the assumptions that a Supreme power wrote the Holy Torah. [REDACTED]

[REDACTED]

[REDACTED]. Within the Torah there are points against God, against the Torah itself and against humanity as a whole which God himself would have not written. It doesn't mean that I dismiss the Torah or its wisdom. It is a great book that contains a lot of secrets and mysticism and I still have a lot to learn from it, but at the end of the day, it's a book. Maybe not a conventional book, but a book. There is still much to learn from it and we can use it as a book of general laws, but there is no shame to say that God didn't write it and admit that we simply don't know who wrote it. Probably people like our Father Abraham invented the concept of God because they knew that they will not be able to control anybody without the fear of an alleged Supreme power. After all, if the Torah was written by God, who are we to argue or try to rule out what is written. So here came our Father Abraham or our Rabbi Moses, invented the term God and gave Him a fearful image which we need to respect without asking questions. An image which we supposedly need to Love and respect His laws. They invented a God of Love, fear, hate and revenge in the event that we will not do what is assigned to us. Simply a genius invention in order to control the masses. [REDACTED]

[REDACTED]

[REDACTED]. I assume that the Torah was written by more than one man but it doesn't matter. The point is that it wasn't written by God and, if so, we need to

expel from me the measure of anger and enlighten the flame of his soul, of our friend **Ray**, as quickly as possible, Amen.

Haim - Amen and Amen.

Ray - I didn't try to hurt anybody, Honorable Rabbi. I just wanted to express my opinion in front of everyone.

Rabbi AA - That's absolutely clear my dear friend, absolutely understood. Thank you for such a good and clear explanation.

The Rabbi is being cynical by the way he speaks and is looking at me

Ray - Do you want to continue?

Rabbi AA - I don't know if there is a point to it anymore, I do not like to waste the Light energy within me on rubbish.

Diana - I would love for you to continue my Rabbi but please try in English. We find it very difficult to understand. (Written in English in the original Hebrew version)

Haim - It is also difficult in Hebrew, believe me, I'm trying. (Written in English in the original Hebrew version)

Rabbi AA - I will continue, although in Hebrew right now.

Ray - I'm ready.

Rabbi AA - I would like to continue and clarify the subject of nutrition and go deep into the secret mysticism of eating. I am sure that if you will understand you will be able to implement what is needed and heal yourself physically, mentally, spiritually, and on a soul level as well. Please listen and try to get to the root of what I'm saying. Try to separate between the common information and the truth of the Torah and its source. That is not important right now. In order to understand the material, humble yourself and let's assume that his Honor is an idol worshiper like me and God did write the Holy Torah. We will discuss our personal arguments and details during our private time together, otherwise you will need to write for the next 1000 years. Please, I ask of you, clear any preconceived notions and controversial thoughts from your heart, mind and soul. Start a new page and try to concentrate on the material as learning material only. With the

help of God, the center of spiritual energy in the crown of your head shall open soon enough. God have mercy!

Ray - Thank you for all the blessings, compliments, Love and givingness. Thank you from all my heart Honorable Rabbi.

Rabbi AA - Well, since the beginning of time, the subject of eating is deep and anchored in the roots from our distant past in the secret mysticism of the Tree of Knowledge and the Tree of Life which is actually a form of testing the way we eat. Eating is a very central and rooted concept. So much so that the main issue of man in the Garden of Eden revolved around the mysticism of eating. In terms of eating, we need to understand and accept that the person is alive and exists from the power of a Supreme Light which acts as nourishment for man. A man's need for nutrition derives from the fact that man does not live from himself rather from the blessed God, which is the Source, the Source of life. And man must always be connected to the Source and be nourished from the abundance of existence. This is the internal root in the matter of eating. The person is made up of many planes: a living soul, spirit, mind and body, where each one of the them needs nourishment in order to exist, just as our physical body needs daily nourishment. Spiritual abundance is the nourishment that we were blessed with and it was found that each and every day, in order to continue and draw in abundance, the creations need new abundance for their existence, which is their nourishment and their vitality. Just as the human body, every creature in the universe, as well as all layers of man himself and all the angels of higher realms and their servants, need abundance and vitality for their existence and their nourishment. However, everyone needs particular food that nourishes them and their state of being. After all, the body cannot be nourished by the soul's food and the soul cannot be nourished by the food of the body. Here we must understand the secret mysticism of nourishment and abundance. The Supreme Light descends in all the worlds and nourishes them to revive each one according to their needs. In fact, I am sorry to disappoint you but part of our vitality is the Light of the Torah which acts as a vessel, as our nourishment. Meaning that the Torah is structured from 4 basic fundamental mysticism formulas/codes {Sod תיו, Drash שדד, Remez

רמ, Pshat פשט} which are parallel to the different layers within the worlds and man himself. Meaning, when the Supreme Light reaches the layer of the soul, it comes down and reveals itself in a special garment and carries all the secrets and mysticism of the Torah, which are the nourishment of the soul. The soul rejoices only if provided its unique nourishment. The soul does not have peace in all the lower garments rather in the garments that befits itself which are the secrets and mysticism of the Torah, the inner life itself. The study of the inner essence of the Torah is the only nourishment, life and existence of the soul. The study of the inner essence of the Torah is the study of the Divine and through it we shall reach the Godly dimension. Therefore, we saw the essence of nourishment for the soul, which is the learning and understanding of the inner secrets of the Torah with Holiness and purity, as well as the nourishment for the spirit which is the revealed secret learning of the Torah. And here the Supreme Light continues to descend to the level of the spirit/mind, which is the secret of the life force (vitality) that is within the body. Regardless, the main rectification of the spirit/mind is within the value system, belief system and performing good deeds (as per the commandments of the Torah). In regards to the rectification of the spirit/mind, it is appropriate to add a very important basic rule which is the heart and the root of the function of the spirit/mind and its rectification within the practical good deeds (as per the commandments of the Torah). In fact, the main part of the spirit/mind is within the personal feeling, and in that sense, it is the secret of loving and fearing God. It is literally the fundamental understanding of all do's and don'ts when it comes to obeying all good deeds/commandments according to the Torah. It is of great importance for man who is performing the good deeds/commandments to perform them with the awakening of the heart with full intent and commitment, in full joy, out of an inner desire and great enthusiasm, as opposed to someone who sees it as a burden. We understand and know that the Supreme Light is nourishment for all parts of man and the dispersion of the Torah in different levels is the distribution of the spiritual nourishment into the various spiritual layers of man. The soul is nourished from hidden parts of the Torah, the spirit is nourished from the revelations of the Torah

and the mind is nourished from the practical good deeds (as per the commandments of the Torah) which contain the Love and fear of God within them. We understand the importance of the continuation of the Light to revive the soul and the spirit and the mind, but the body needs to be nourished by the abundance of the Supreme Light as well. The question is what is the source of the sustenance for the body? What is the body being nourished by? Well seemingly, we see that the body is being nourished by Food, from solid or liquid food, and supposedly it seems that it is not being nourished by the abundance of the Supreme Light but rather from physical foods.

Ray - So I don't understand. According to you, is the body being nourished by physical food or spiritual food?

Rabbi AA - Here we shall learn the mysticism of sacred eating, which, few times within it, contains the connection between bread, Torah and water, and rest assured it is not a meaningless connection. It is known that every physical creation has a higher spiritual root. Meaning that the physical world in its entirety continues and forms from the power of the spiritual Light descending stage by stage until all creations were created. All creations are divided by different stages, each creation according to its higher spiritual root. There are creations which are rooted in the Holy abundance and there are creations which are rooted in the external layer. This is the difference between all the forbidden foods which are sourced from the outer layers and between the allowed foods which are sourced from the roots of Holiness. I would like to emphasize that the subject here of physical food is not only as it appears to the eye as an object of matter and rain alone, but rather the Divine vitality which is integrated from level to level, and becomes the matter of the spiritual root that from it appear all the stages of the food itself, its taste, its quality, its smell and its nutritional value. The blessed God is the Source of everything and anything, including all of the physical existence, and in this sense the spark of God resides within it physically, materialistically, and spiritually. As it is written: Man shall not live on bread alone, but man shall live by the word of God. Again, a hint about the power of your words/sayings, the power of speech, the power of blessing, the power of cursing, the power of

forgiveness. The combination of matter with the spirit. Each and every food, allowed or forbidden, holds a certain energy that has a specific role for a certain animal or person according to their level and given situation. Here we must mention the difference between foods and between creations which are not foods. And of course there are different levels amongst the creations which, of course, all the creations that become human food are rooted in higher spiritual roots than the creations that are not human foods such as stones, metals, trees, innocent animals and the like. The secret/mysticism of eating within the food itself is the multiplicity of the holy sparks that exist within the food itself. And the truth is that a person can be nourished just from the spiritual Divine Light, and it is found that if they are nourished from an Earthly food it is only because within it are hidden sparks of the sacred Divine vitality which is the root of that food. From this we shall learn that the creations lack taste and smell because they lack holy sparks within them. And the nourishing foods which have spiritual abundance, such as different kinds of plants, is because they received their vitality from the sun and rain alone which it is the Honorable Source itself. They possess the good taste, the good smell, are pleasing to the eye and they are also the ones that possess the highest and healthiest level of nutrition. Of course healthier food possess a lot more holy sparks than food without high nutritional value. Everything is rooted from above with great wisdom and intelligence. Therefore it is important to choose our food carefully through the Love of God and by blessing our food prior to eating. Through our blessings we connect to the Holy sparks within the Earthly food. Of course, like everything else in the universe, everything is rated by quality and spiritual abundance that suits the person, animal or plant that is nourished from the Source just like all of us. Thus, man is meant to find his food from the highest source which is the plant because it is pure and its nourishment is the Light of the sun and the rain as a physical matter. According to this, certain animals were meant to feed from scavenger's meat according to the texture of their soul, their mind and the type of Holy spark that resides within them, each creature according to its match in the universe. And if we maintain the laws of nature and nourish our bodies and souls with the highest

quality food and the Love of the blessed God, we will easily reach our destiny and our time without suffering, sadness or illness. Pay attention that an alleged kosher animal, (kosher means permitted foods by Judaism according to the Torah), feeds from plants.

Of course in the case that the person, animal or even the plants become ill, it is permitted to eat and use forbidden foods as medicine, or use organic substances in order to preserve and heal the vegetation and living creatures. For example, when your wife was ill she needed to drink snake soup. And when your body was injured I instructed you to eat animal meat such as BUFFALO. (BUFFALO is written in English in the original Hebrew version) Furthermore, a person or animal should not be eating medicinal herbs such as garlic, on a regular basis, unless fighting an illness. The allowed is forbidden and the forbidden is allowed, according to our present condition. Of course if we keep the laws of creation and the perfect nature and avoid the foods that are forbidden for us, we will never need to use the forbidden foods as aid to sustain us. Pure food will purify our soul and the way to our destiny will be easier, more pleasant and our rectification will be faster and above all, our arrival to the Source will be peaceful and tranquil. Now the answer to your question, is bread healthy? Of course bread is healthy, as long as it is created with Love and blessings according to the instructions of the Holy Torah. All the secrets of eating and medicine are found within the Holy Torah. Learn and you shall know. And clearly, the answer to your second question is that we are being nourished both physically and spiritually. We are the compound of the Holy Light, His magnificent product and creation. The Torah is metaphorically compared to bread, wine, water and milk as well. Of course, we are referring to mother's milk and not animal's milk in case it is not exactly clear to you. It is known that the bread is a continuation from the abundance of the spiritual Torah, and it is rooted from what the Torah is known to be called, the Tree of Life. It was known that prior to the first sin, the Tree of Life was an actual tree which had actual fruits, and the action of eating the fruits would have been activated in man as mystical learning at the speed of sound. The first sin was not eating from the Tree of Knowledge but rather, not eating from the Tree of Life

first. That would have changed our whole destiny til' this very day. So, our rectification continues to this very day through prayer, blessing and good deeds.

Ray - Why do we all need to suffer because of Eve, Adam or some snake, if this whole story is even real and not just a fairytale?

Rabbi AA - Because His Honor is very limited and needs to uplift and empower himself to reach higher and correct the injustice of all humanity. From here we return to the subject of eating the "Manna" for the sake of receiving the Torah. The preparation to receive the Torah was by eating "Manna" for 40 years. The "Manna" which descended from the sky was the actual continuation of the higher abundance which, in essence, is the Torah. The "Manna" was much more elevated and supreme than the regular bread which comes from the Earth, which was clean and pure without conditions of the Earth, our land. Man's first sin damaged the earth, therefore all the abundance that comes from the food of the Earth inhabit a curse within them, and so they contain many layers, therefore it is upon us to correct the wrongdoings of the past. This is the secret of all troubles and suffering that are upon us. And we do not have rest and true peace. And even if you have wealth and assets, the saying goes, he who has many assets has many worries.

Ray - If that's the case, why are we even trying? All is blocked off since the time of Genesis and we are all destined to suffer.

Rabbi AA - We were destined to correct more and more and bring abundance into our world. The "Manna" was bread that came from the sky from a Supreme power, without layers and without restrictions, in order to allow us to receive spiritual abundance so we shall be ready and worthy to receive the Holy Torah, through it of course we will continue to aspire and to receive spiritual abundance in order to continue and aspire to correct that which we must. The Blessed God made sure to provide us the necessary tools to reach our destiny by correcting our past.

Ray - Where are we supposed to get the "Manna" these days?

Rabbi AA - There are different ways and tools, for example, dew. (Tal in Hebrew)

Ray - Dew?

Rabbi AA - Yes, dew. Dew is spiritual abundance that comes to us every day without attachment to the land, the Earth and its shells. The dew gives spiritual abundance, cleansing its environment and provides us and our food with material substance. As you have already learned, dew (“Tal” in Hebrew in Gematria is 39) represents 39 spheres/layers of purity. As you have already understood, you have had the privilege to sit amongst the greatest kabbalists of this generation. Learn, become wiser and implement the knowledge into your soul and use your power for the essence of good in this world. The Light does not reveal itself upon a vessel that is not ready and not compatible. In order to receive blessings and abundance we need to be prepared, not just in our thoughts and our will power, but also within our physical body which yearns to reach the level of the first man before his sin. By the way, that was the role of the “Manna” prior to the giving of the Torah in Mount Sinai and according to that we received the Holy Torah.

Ray - I think it would be much easier for everyone to understand if you would give me permission to tell them about the incarnation of the year 2448. I wouldn't be surprised if everyone will do a quick turn over without asking questions. And I am sure they will become vegan just as you expect.

Rabbi AA - My dear friend, you know the story of 2448 and you're not showing any indication of becoming vegan or even healthy. You know how to talk a lot and preach but you are very weak in the department of action and setting an example. Why, for a moment, would his Honor think that the family would make a shift if you, as the great leader of the █████ family, dwell in lust and sin and eat from all the forbidden foods?

Ray - Maybe together it would be easier.

Rabbi AA - I suggest you talk to your wife, I am sure she will explain to you much better than me. You are not allowed to discuss the incarnation of 2448! (Referring to the document that eventually came to be known as “The Pyramid Code”)

Ray - Understood.

Rabbi AA - You already know that forbidden foods truly confuses and contaminates the human heart and disrupts man's ability to receive higher abundance. When the heart becomes confused and blocked from the higher abundance, the Supreme

Light cannot find its way down to the human body and illness falls upon us. As you know and you have used before, many remedies are produced from forbidden foods such as pork. You personally used them on your own body to fix and correct the illness in your body. This is rectifying a problem by using the source that initially caused it. Seemingly, we are using filth in order to correct and remove filth from our bodies. It's about time for you to implement the proper way and nourish your body and your soul by the Supreme Light alone. The action first begins with a thought. As we said, the body is the root that influences the layers above it. When the body is ready and pure, you shall reach higher (dimensions). If your body is damaged and corrupted, all the abundance will be sealed, disappeared and hidden. The differentiation between Light and darkness. There is no wholeness for the soul without the body. A healthy body. And there is no wholeness to the Torah without a complete rectification of the physical body as well as the rectification of our soul through our actions. Therefore it is upon us to sacrifice only our bread and the fruits of the Earth and the Holy land and not innocent animals that hold a lower holy spark. We must elevate and rise the highest spark through Love and compassion, not by killing and hurting the innocent and weak rather by sacrificing an offering of the highest spark.

Ray - Yes, go tell that to all the corrupt Rabbis and kabbalists such as the Rabbi

██████████.

Rabbi AA - It's best not to mention names to avoid defamation.

Ray - It is not defamation, it is the truth and I know that you know that I am right.

Rabbi AA - There is still no need for defamation.

Ray - He invented ██████████ slaughter house for his children to manage it and make money, blood money in my opinion. And everybody on television is standing, sobbing and calling him the greatest of their generation.

Rabbi AA - I still don't support your methods. Bless them instead of cursing and mocking them. Understand that we are all limited to a certain degree. We have all sinned at some point. Illuminate the goodness within man and try to rectify him for him and for his sake and for the sake of his children and the children of the whole world, rectify his wrongdoings!

Ray - Okay, I understand, let's continue.

Rabbi AA - Our fundamental disease is the flaw in our core fundamental faith and according to that, our medicine must be within the rectification of faith or according to your understanding, the rectification of knowledge. As we already explained and clarified, the "Manna" is the bread, the Supreme Light, which came upon us from the sky to enliven us spiritually and the "Matza" is the bread of faith, the first and most rooted medicinal bread. Due to that, it was customary in the Holy Temple to sacrifice the "Manna" and the "Matza" together with all the first fruits gifted on the holiday of "Shavuot" for the remembrance of the power of faith, the power of prayer and the heavenly Divine power which dwells within us. When I say sacrifice, I mean sacrifice by eating, by the "Cohanim" ("High priests"), the "Matza" is the food of faith, where the soul empowers the Light of faith. First and foremost, before the Torah and before studying the commandments, we need faith. Faith is the root of all and is the key to the work of the Divine. Without faith there is nothing, no Torah, no kindness or good deeds.

Ray - Just for the record, I don't agree with you about faith. ("Just for the record" is written in English in the original Hebrew version)

Rabbi AA - I appreciate very much what's on your mind. Let's continue. The "Matza" symbolizes faith, freedom and happiness. Pay attention that you personally don't like to eat "Matza" and you barely touch "Matza" on Passover.

Ray - So what, it's fattening and just causes constipation.

Rabbi AA - You have no faith including the fact that you don't have faith in yourself. You complain that you are chained and your freedom was taken from you by your children, your family members, your business and so on. And due to your loss of freedom you feel frustrated and sad and you are looking for excuses and reasons to explain your dissipated happiness. You demand meetings with God, and all to improve your situation, your joy and your happiness.

Ray - So what you are trying to tell me is that I need to eat more "Matza" and not try to meet God?

Rabbi AA - Maybe his Honor will suddenly understand that his children are freedom and happiness and not a burden. “The one who understands will understand and the one who doesn’t understand is deemed a fool”.

Ray - I don’t remember you eating “Matza”.

Rabbi AA - Always, if the “Matza” is kosher, clean, pure and unblemished.

Ray - Okay, can we move on, I promise to eat a lot of “Matza” next Passover.

Rabbi AA - Strengthen your faith.

Ray - Okay, fine, I will work on it.

Rabbi AA - The book of Zohar teaches us that the source of “Manna” reflects the secret/mysticism of the wisdom of the Torah and the “Matza” is a bread that illuminates the Light of faith and the “Manna” illuminates the Light of wisdom. From here we can learn and understand that the root of “Manna” is the Tree of Knowledge, and the actual act of Adam eating the fruit from the Tree of Knowledge before eating from the Tree of Life is the actual sin itself. This is another hint to the importance of the timing of each and every action throughout our life and our existence on this Holy land up until this very day, which would have completely changed if Adam would have eaten from the Tree of Life first. In other words, before knowledge, a person must accept the faith upon himself and he who will accept upon himself knowledge and wisdom before faith is likely to fall into many layers. The secret/mysticism of faith is the Tree of Life. From this we learn that the secret/mysticism of these two breads by the Israelites is rooted in the secret/mysticism of the Garden of Eden which is the Tree of Knowledge and the Tree of Life. The “Matza” is rooted from the Tree of Life and the “Manna” is rooted from the Tree of Knowledge. The Tree of Life must come before the Tree of Knowledge. First “Matza”, then “Manna”. First comes the holiness of the holiday of Passover (“Matza”) and then the holiness of the holiday of Shavuot (“Manna” – bread).

Ray - Can we move on to the next subject, I am sure everyone understands the subject of food.

Rabbi AA - Let’s summarize. The connection between forbidden foods and between the sin of the first man is clear. The body is built by its sustenance. The food that is

being eaten is digested and becomes part of the human body, and by means of metabolism, the human body renews itself once every year or two, and so in fact the whole human body is its food. The food is the body. The sin of the first man is in terms of the body. A vessel which receives upon itself the higher enlightenment, the enlightenment of the soul, and within his first sin, the lower worlds collapsed in regards to his body and the pajama of Light became the pajama of skin (light and skin in Hebrew are pronounced the same and written the same with the exception of one letter), which is the reason why the main rectification of man is through his body. The rectification of the body, in its basic connection, is connected to the food of the body which builds the body through its high quality food that is clean, pure and unblemished. From this we conclude that it is of great importance to be strict in regards to the holiness and the purity of the foods. Eating forbidden foods toughens the skin and the impurity. A forbidden food confuses the heart and the mind, sealing the body and distancing the person and his body from the Light. The skin will distance you from the Light. Pay attention to your nourishment and avoid crude and animalistic ways of eating and you will be more capable to reach the Light and the inspiration of the Divine spirit. By the way, circumcision symbolizes the removal of the skin in order to receive the Light.

Ray - Again, I claim there is no scientific proof for this and [REDACTED]
[REDACTED]
[REDACTED].

Rabbi AA - Circumcision is dealing with the skin that came upon the body of the first man following his original sin. The first man was born circumcised, however, due to his sin, the foreskin came upon him. With that came the veil and darkness upon Earth ("Tevel" in Hebrew). Circumcision is the main thing that qualifies the nation of Israel towards the heights of purity. Just as the pure foods build the body, even more so, circumcision prepares the body for the Divine. Foreskin represents impurity and darkness.

Ray - Again, I just want to tell you that I disagree with you [REDACTED]
[REDACTED]

[REDACTED]
[REDACTED]? Out of 7 billion people in the world less than two billion people do this and believe that circumcision is the right thing to do. That includes women. The Chinese and the Japanese do not circumcise and they are healthier and live longer than us Jews. Not to mention that we are the smallest minority in the world, less than 14 million Jews, which the majority of them, according to the Jewish law, are not even Jewish and do not keep the Torah and its commandments. [REDACTED]
[REDACTED]. We as Jews are always occupying ourselves with the negative. The impurity of the foreskin, the impurity of Niddah (the menstrual cycle), [REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]. We are simply a screwed up nation and it doesn't seem to me that the Torah helped us very much. If everything was true we should have already ruled the world and not be persecuted all the time. If the Torah would have been written by God, believe me that everybody would stand in line to receive it, especially that it's free and we wouldn't need Rabbis or Kabbalists to threaten us and try to convince us to accept the Torah. More people stand in line in the Apple stores to pay for technology than in synagogues and yeshivas, churches and mosques to receive the Torah, the new Testament or the Koran for free! As I told you many times in our different arguments, Moses probably failed on his public relations propoganda, otherwise how would you explain the fact that from the first moment that he descended from Mount Sinai he faced only resistance? And all this while everything was given as a gift, free of charge and it continues to this very day! (Apple is written in English in the original Hebrew version)

Rabbi AA - I understand what's on your mind and I am aware that you are simply talking from a lack of basic knowledge and understanding. If you would be so kind and begin to truly learn maybe one day you will understand and you will be the leader

who will lead the movement towards salvation. I know that you are capable and your destiny is Supreme. Out of my love for you, I will warn you again regarding defamation. If you were to sit and study you would understand that leprosy came into the world due to defamation. You know and understand that everything works and moves by different energies within the universe. God is energy. We are all energy. There are different energies but we are all One. One energy! You must understand and accept that defamation is a type of negative energy that blocks the Light. And again, leprosy is a form of pajama of Light that turns into a pajama of skin. Light that turns into darkness. Leprosy comes from the words “Extracting bad” (“Motzi ra”, “מוציא רע” which means “Extracting bad” was written in Hebrew in the original Hebrew version). Leprosy is a general word for different skin diseases from leprosy to skin cancer. Rest assured that any person suffering from certain skin issues is contaminated with defamation. The more defamation, the more skin problems and illness. And when does a person use defamation? Only when he falls into the web of pride and puts himself in the center. Whoever annuls himself in the face of the blessed God will always be attached to the Holy Light. The mouth was intended to praise and glorify the Creator and his creations and to bring joy to all creations. We are forbidden to speak through pride rather only through Love.

Silence is a beautiful practice for the wise.

An indication of wisdom is **silence**.

Each and every person that sees the Godly value in everything and understands its greatness will not deal with **defamation**.

Ray - I don't think there is a person who never dealt with defamation.

Rabbi AA - You may be right. But the difference is in the level of defamation and its purpose. There is a difference between a person who recognizes his mistake and immediately corrects it, and a person who is not even willing to acknowledge his wrongdoings that he caused and is causing to himself as well. Look around you at your family and friends who suffer from skin issues. Examine their actions and their ways and you will understand that I am right. Defamation is an energy that influences the giver and the receiver as well. Look into your soul and your body,

you yourself suffer for almost a year now from a skin condition on your face.

Ask yourself when it began? And why?

Ask yourself why you aren't succeeding in solving the problem which seems to be pretty simple?

You have asked for help from me and from different doctors, tried different medications but to no avail.

Maybe you should begin asking yourself questions?

Maybe examine yourself and your filthy mouth?

Maybe you should speak less and think more?

Maybe you should find a way to rectify the defamation that you have planted throughout the years?

I hope that his Honor doesn't think to deny the defamation that comes out of his mouth???

Ray - No, I'm not denying it. When I see something wrong and unjust, such as the Rabbi [REDACTED] and his friends, I simply want to bring the truth to Light. I'm not speaking out of defamation, I speak truth!

Rabbi AA - There is no problem to bring the truth to Light and speak truth. There is a problem that through your words you turn Light into tough skin.

Ray - Okay, I understand. Let me think about it.

Rabbi AA - I expect you to look deeply into this subject and direct yourself, your family members and your friends from the skin into the Light. Of course there is no need to mention names right now.

Ray - Okay I understand. We may continue.

Rabbi AA - Blessed you all shall be. You bless and I will bless you from the skin into the Light. (Light and skin in Hebrew are pronounced the same and written the same with exception of one letter)

Ray - Thank you Honorable Rabbi.

Rabbi AA - I hope that by reading these writings your eyes and your wife's eyes will be illuminated in order to realize the Holiness of nourishment and the way of eating. I expect that **the Black Widow** will connect with you and cooperate for your sake, for her sake and for the sake of the family and her family as a whole. Keep

reminding her where she was at with her health situation till not too long ago. She must strengthen no less than you and your wife. They have both reached the vast fields of Light.

Ray - Thank you.

Rabbi AA - I am expecting more satisfaction from their progress towards the Age of Light and the Age of Love.

Ray - I need more help with my **wife**.

Rabbi AA - The solution to her problem is simple.

Ray - What is the solution?

Rabbi AA - As I explained to you in our phone conversation, Love, Love and more Love. And of course the rectification of defamation. Beginning with self Love followed by giving her Love to others, not just to you and your children. **The Black Widow** is a good start but not enough. Thirdly, I am expecting from you to Love, respect and give unconditional Love. Her main medicine is your Love. Of course she must begin and put into motion that which is demanded of her and complete her current destiny in the near future through the power of prayer, the power of forgiveness, the power of giving and, above all, the power of Love, for herself, for you, for **the Black Widow**, for **BA**, for the whole family and all who surround her. Her medicine/healing is her Love (self Love), your Love and everybody's Love all coinciding together. And please don't forget the rectification of the defamation that dwells in her soul. You have no right to ask me for help if you are unwilling to help yourself. I repeat and emphasize the power of forgiveness. I repeat and remind you to activate **the Black Widow** and your **wife** according to their menstrual cycle.

Ray - They are already menstruating together.

Rabbi AA - Nice.

Ray - It is not so nice. I am dealing with two crazy women for a week. Sometimes it's even dangerous.

Haim is laughing

Ray - Stop laughing, it's not funny.

- Haim** - The audacity that you have simply amazes me. All of this and you are still complaining.
- Ray** - Let's see how you hold up, **big shot**.
- Haim** - It doesn't seem to me that you are suffering too much in the company of the Widow and the Holy One.
- Ray** - By the way Honorable Rabbi, **the Black Widow** and my **wife** are trying to figure out why the name **Black Widow** was chosen for the Black Widow?
- Diana** - The writing is on the wall. (Written in English in the original Hebrew version)
- Ray** - Can you be more specific? (Written in English in the original Hebrew version)
- Diana** - Not really unless of course the Rabbi would like to give his explanation to the Black Widow although it is self-explanatory. (Written in English in the original Hebrew version)
- Haim** - I think it's time to change her name to the Yellow Widow. (Written in English in the original Hebrew version)
- Rabbi AA** - Why yellow, where did you get yellow from?
- Haim** - Just an inside joke Honorable Rabbi between the MI and **Ray**.
- Ray** - Haim, be careful, you are exaggerating.
- Diana** - Can we please move on? (Written in English in the original Hebrew version)
- Ray** - Yes please, that's a good idea. (Written in English in the original Hebrew version)
- Rabbi AA** - Finish with your list, I would like to get to the Mikveh as soon as possible.
- Ray** - Alright, I'll continue. I spoke with you about what happened in Virginia and you ignored it. (Virginia is written in English in the original Hebrew version)
- Rabbi AA** - I didn't ignore it, I simply postponed it for a face to face conversation like now, so please continue if you wish or we can do it in privacy if you prefer.
- Ray** - No, I am actually interested to have it written, the question is if it's okay for **the Black Widow** and the family to know the information.
- Rabbi AA** - I feel comfortable as long as you feel comfortable.
- Ray** - I will start from the beginning. I hope I didn't forget too much.
- Rabbi AA** - Take a quiet moment and concentrate, I will signal you to stop if needed.

Ray -

Not far from the hotel in Virginia Beach (Virginia Beach is written in English in the original Hebrew version) is the EDGAR CAYCE building. Of course after reading so much about him for years, he is in fact my scientific proof that reincarnation actually exists. There is simply too much proof through documentation and witnesses who gave testimonies. So I decided to visit there with [REDACTED] who to my surprise showed interest in the place. I explained to him everything I know and he and I found ourselves in the book store for about 3 hours browsing and buying books. He didn't disturb me and I didn't disturb him. Later on towards the evening we decided to get a relaxing massage in the place according to the teachings of EDGAR CAYCE. [REDACTED] got a 60 year old female massage therapist which made me laugh, then after a minute my massage therapist arrived who was at least 70 years old. She was very professional and pleasant. She had a very relaxing Light and aura and I simply fell half asleep. I believe she had the ability to see auras. She simply smiled pleasantly and began moving her hands over my aura all along my body and specifically around the heart area. I didn't react. We smiled at each other and understood who we are. A short time passed and I simply fell asleep. Earlier that day I wanted to visit all the areas of the EDGAR CAYCE school but because it was Sunday I wasn't given permission. The school was once a small hospital where his patients spent their time during their treatment with EDGAR CAYCE. The amazing thing is that I managed to do sort of a small out of body experience only within the building itself and suddenly I found myself touring the building while my body was asleep and being pampered. I managed to experience both a physical touch and enjoy it while she was relaxing my muscles and also tour the building simultaneously. What is even more amazing is that instead of seeing and sensing souls as always, it was the first time that I experienced a meeting with spirits just like in the movies. (EDGAR CAYCE throughout this paragraph is written in English in the original Hebrew version)

Haim -

You live in a movie!

Rabbi AA - It indicates a very high level of Gama. In my humble opinion, it's probably due to your suitable connection with the therapist. It will be truly interesting to feel your frequencies. We will do this in private in the Mikveh. Please continue.

Ray - Everything was peaceful and wonderful. I met EDGAR CAYCE himself and I even succeeded in communicating with him without words. He actually gave me a tour and I met all sorts of interesting spirits with different stories and strange illnesses. The interesting thing is that none of the patients died there. All the spirits I met have healed but chose to return and dwell there after their natural death. I don't understand how a spirit separates from the soul and chooses to dwell wherever it wants. I would very much like for you to explain this to me. But before you explain I would like to finish the story. (EDGAR CAYCE is written in English in the original Hebrew version)

Rabbi AA - Go ahead.

Ray - Suddenly, there was a very familiar figure laying in one of the beds, the one and only **Bogdan**. The spirit recognized me and I recognized him. It was truly horrid, frightening and scary.

Rabbi AA - Why?

Ray - The whole story of the Holocaust appeared before my eyes. I began to smell a horrific stench and to feel physically nauseous. Bogdan began to speak to me in Polish. He looked terrified to me. I didn't understand anything. He tried to hold my hand and switched to speaking English because I didn't respond to Polish. I couldn't respond, I just froze on the spot out of fear. I felt that I was going to be taken to the gallows and probably be burnt. Bogdan tried to ask for forgiveness and I wasn't responsive. I saw flashes of **the Black Widow's** face upon his body and it disgusted me even more. What's even more strange is that I found myself surrounded by all the other spirits there, about 40 of them, crowded together to see and understand what was happening. I felt even more threatened because I didn't understand at the moment what they wanted from me. EDGAR CAYCE suddenly began speaking in English and tried to calm me down, explaining to me what was transpiring. He promised me that nothing bad would happen to me. He explained to me that it was a strange experience for the different spirits involved

as well, as they didn't understand how I made it to that awareness from the other side. I found myself standing physically naked in front of strange spirits like in the movies, sick people in the image of spirits, probably as they looked like in the past. I asked him to quiet down Bogdan who wouldn't stop talking for a second, asking for forgiveness in his frightening Nazi accent. (EDGAR CAYCE is written in English in the original Hebrew version)

Rabbi AA - From him, you mean EDGAR CAYCE? (EDGAR CAYCE is written in English in the original Hebrew version)

Ray - Yes.

Rabbi AA - Did Bogdan finally stop talking?

Ray - Yes and I calmed down as well. I was physically sweating, although I was feeling intense cold. When I finally spoke a bit I stuttered and the experience felt more physical than spiritual. I asked for a blanket to cover myself but EDGAR CAYCE explained to me that it was not possible. I was embarrassed to stand naked in front of everybody, especially in front of Bogdan. I didn't fully understand if he was seeing me as a man or as a woman, as Evelynna. (Evelynna is written in English in the original Hebrew version) Ray is referring to a previous reincarnation that took place during the Holocaust where Ray used to be a woman named Evelynna.

The Rabbi is smiling to himself

Rabbi AA - It is not important nor sensed in any way in the spirit world, only in your own world.

Ray - Was the experience real or a dream?

Rabbi AA - Of course it was real.

Ray - Wow! It was very powerful. (Wow is written in English in the original Hebrew version)

Rabbi AA - Did you at least forgive Bogdan?

Ray - No.

Rabbi AA - How come?

Ray - I couldn't, it was impossible.

Rabbi AA - What did you tell him?

Ray - That I hate him.

Haim - Are you kidding me?

Rabbi AA - You must be joking!

Ray - No, I am serious!

Rabbi AA - You told a spirit from the past that you hate him?

Ray - Yes.

Rabbi AA - **Ray, Ray** when will you change?

Ray - What did you expect, that he would ask for forgiveness and I would say yes?

Rabbi AA - Of course!

Ray - All the stench, the suffering and the pain arose and I simply couldn't.

Rabbi AA - You do understand that the spirit separated from the soul for a specific reason, right?

Ray - At that moment I didn't think of that.

Rabbi AA - Do you understand that the spirit is connected to a certain soul and that soul is **the Black Widow** whether you like it or not.

Ray - I cannot forgive.

Rabbi AA - You have to, for her sake.

Ray - Actually that night I went to sleep and I dreamt that **the Black Widow** brought Bogdan to my house. He was dressed with his Nazi uniform while she was naked. Her body was the disgusting body of Bogdan but the face was hers. Both of them and my **wife** drove me crazy in order to forgive. He took out his gun from the case and gave it to me.

He told me that I can shoot him in the head in order to get pardon and forgiveness. This time he spoke in Hebrew.

Rabbi AA - Please don't tell me that you shot him.

Ray - No, I didn't shoot him. I shot in the air just to torture him and to calm my nerves.

Rabbi AA - Thank God!

Ray - Was the dream real as well or just a dream?

- Rabbi AA** - Of course it was real. You must find a way to forgive him for your sake and for the sake of **the Black Widow**.
- Ray** - I don't remember but I think that he killed Martha by shooting her in the temple. (Martha is a figure from my last incarnation during the Holocaust. Later on I remembered that Martha was shot to death by Marchak, not by Bogdan)
- Rabbi AA** - Details of the actions are unimportant. The importance is given to the entire process which is the genocide of the Jewish nation as a whole.
- Ray** - What am I supposed to do?
- Rabbi AA** - Didn't you wonder about his situation and how his spirit made it from Europe to Virginia, and why specifically to the EDGAR CAYCE hospital? ("Virginia" and "EDGAR CAYCE" are written in English in the original Hebrew version)
- Ray** - I asked EDGAR CAYCE that. (EDGAR CAYCE is written in English in the original Hebrew version)
- Haim** - And....
- Ray** - He explained to me that before the war, this garbage of a person became blind as a young man and his parents, who were wealthy, sent him to Virginia to receive treatment by EDGAR CAYCE. ("Virginia" and "EDGAR CAYCE" are written in English in the original Hebrew version)
- Rabbi AA** - This "garbage", to remind you, is **the Black Widow**.
- Ray** - Okay, okay, stop confusing me. He is not **the Black Widow**, **the Black Widow** is here with me!
- Haim** - Well, Nadia, Rafa, **the Black Widow**, Ten, whatever you want. (Referring to different names of the Black Widow from previous reincarnations)
- Ray** - However he was cured pretty quickly, went back to Europe and became a Nazi sadistic Polish officer. For some reason he decided to come back and dwell at EDGAR CAYCE, which today is a school, not a hospital. (EDGAR CAYCE is written in English in the original Hebrew version)
- Rabbi AA** - Are you sure that you didn't recognize other spirits from the past during that experience?
- Ray** - I was too frightened to look for others. This idiot was enough for me.
- Rabbi AA** - Defamation my friend, defamation.

Ray - Can you explain to me what happened, how it happened and why it happened?

Rabbi AA - Did you dream again since then?

Ray - No, the next day [REDACTED] and I woke up and I told him that the other side of Virginia is nicer and we simply took off from the east side to the west side. We spent another two to three days there and returned home. I didn't dream about it anymore. (Virginia is written in English in the original Hebrew version)

Rabbi AA - Why didn't you tell **the Black Widow**?

Ray - I don't know. I wasn't sure that you'd approve. And when I spoke with you, you said we'll discuss it in person. You always said we'll discuss it at a later time.

Rabbi AA - I understand.

Ray - Well, you're finally here so I am listening to the explanation.

Rabbi AA - There is not much to explain, you already explained it yourself. You are in need of a rectification.

Ray - It is his rectification, not mine, why should I care?

Rabbi AA - We are all one, and in case you forgot **the Black Widow** is Bogdan.

Ray - Stop telling me that, I'll end up being disgusted by her as well.

Rabbi AA - Your job is to locate him and take him through his rectification.

Ray - What is this stupid job?

Rabbi AA - God All Mighty, for how much longer will you remain so closed-minded. According to the Gregorian calendar, we are here in the year 2013. Our year is 5774. 2013 symbolizes "Kaf Ahava" (Kaf is a letter in the Hebrew alphabet that also means the palm of your hand. Ahava means Love). 5774 represents "Kaf Gimel" (2 different Hebrew letters) or 23 (In Gematria), the age Bogdan joined the Nazis.

Ray - How did you get to this?

Rabbi AA - Calculate it yourself.

Ray - It's a coincidence.

Rabbi AA - Do you remember Bogdan's last name?

Ray - No, just don't tell me [REDACTED].

Rabbi AA - No, his last name was, and I am spelling, Hedzaz and in Hebrew "הדזז". (Hedzaz is written in English in the original Hebrew version)

Combine the numbers and you will get 5774.

Ray -

One second! Let me calculate.

“kaf” (“כ” – a letter in the Hebrew alphabet) = 20

+

“Ahava” (“אהבה” means Love in Hebrew) = 13

2 0 1 3

Hedzaz (“הדזז” in Hebrew)

5774 = 23 (All calculations using Gematria)

Rabbi AA - Also a coincidence?

Ray -

Okay, what do you want from me right now?!

Rabbi AA -

A simple rectification. It’s forbidden to miss the opportunity for rectifications. Especially not you.

Ray -

But it’s his rectification, not mine.

Rabbi AA -

For sure, however you are a good soul and your role is to help. He was sent to assist you and the Widow. Locate him.

Ray -

No problem, he is stuck there in Virginia. (Virginia is written in English in the original Hebrew version)

Rabbi AA -

If so, I ask you to demand from **the Black Widow** to finish all the required typing needed for the book that you’ve decided to create. Once she’s done, your job is to locate Bogdan through the writings, reach him wherever he is and accompany him with a proper escorting prayer and release his spirit into the vast space of the universe.

Ray -

Do you expect me to pray for him?

Rabbi AA -

Of course, otherwise how will you escort him and release him forever?

Ray -

Are you serious?

Rabbi AA -

Of course, you will understand and accept more after you read the writings in full. It’s a wonderful story, do not miss such a precious opportunity for you, for **the Black Widow** and for all of the souls involved.

Ray -

How will it affect **BA**?

- Rabbi AA** - You will understand after you read the complete writings. Of course **BA**, **BB** and your **wife** are also an inseparable part from your story and that of **the Black Widow**.
- Ray** - By the way, how do you explain that I got up from the massage after 90 minutes and my whole body was sweating and freezing cold. The same thing happened that night in the hotel when I dreamt that strange dream with **the Black Widow** and Bogdan.
- Rabbi AA** - Read the writings in their entirety and then you will understand. By the way, I really loved the name that **the Black Widow** chose, "Rays of Light", and the picture is amazing as well. A picture that truly describes you very well.
- Ray** - That's not really me.
- Rabbi AA** - Ask the girls, I am sure they will agree with me and not with you. You were blessed with much goodness. Rise and succeed. You cannot miss such an opportunity to rectify.
- Ray** - You are a very strange orthodox Rabbi.
- Rabbi AA** - Don't forget a Baghdadian Iraqi from Jerusalem as well. I will remind you again that your help is only in the spiritual realm.
- Ray** - Are you talking about **the Black Widow**?
- Rabbi AA** - I am talking about Bogdan, Hana and Marchak.
- Ray** - Which is **the Black Widow**, **BB** and **BA**.
- Rabbi AA** - Nice, you finally understood.
- Ray** - Do you expect me to take them with me to Virginia? (Virginia is written in English in the original Hebrew version)
- Rabbi AA** - It's enough to take them spiritually and not physically, and enough only to take **the Black Widow**. You will understand when you finish reading.
- Ray** - I did not understand what you are referring to as only spiritual help?
- Rabbi AA** - Your help for **BB**, **BA** and **the Black Widow** will only be in a spiritual realm and not financial as it was explained to you in the past. Just a small reminder.
- Ray** - I remember but why are you bringing it up now. How is it connected to Bogdan?
- Rabbi AA** - You will understand later on.
- Ray** - Okay, no problem. Can I talk to you about the work of **the Black Widow**?

Rabbi AA - Yes, however not in writing. Well, tell me what else is on your mind?

Ray - Do you remember that I spoke to you about the daughter of [REDACTED]?

Rabbi AA - [REDACTED] the daughter of Adam? And [REDACTED] the granddaughter of Adam?

Ray - Yes.

Rabbi AA - I remember. Is everything okay?

Ray - Yes, it's improving, I think that things have finally changed for [REDACTED] and for her daughter as well.

Rabbi AA - Thank God. What else is on your mind?

Ray - I want to ask permission to give her the last medallion. It's just been sitting in my safe for a long time already.

Rabbi AA - Negative.

Ray - I understood that everything was handed out, all 180 pieces. I have the last one and I am sure it will give her a push in the right direction.

Rabbi AA - She is not worthy and it is not her time.

Steve - It belongs to someone else. (Written in English in the original Hebrew version)

Ray - So why am I still holding it? (Written in English in the original Hebrew version)

Diana - It's not time. Not yet. (Written in English in the original Hebrew version)

Ray - I gave one medallion to [REDACTED], so why not her?

Rabbi AA - It is not the right time.

Ray - Well, in case you change your mind, you know where to find me.

Steve - Rabbi, may I say few words? (Written in English in the original Hebrew version)

Rabbi AA - Please do! (Written in English in the original Hebrew version)

Steve - I understand that this is probably the last documented meeting we are going to have and most likely one of the few last meetings in the very near future where we are all going to meet in such a forum. In a way it saddens me. I have gotten to like those unique meetings and I find it to be very educational and inspiring. I'm going to miss you very much My Holy Rabbi. I know you are not going to leave us ever, and I know that the organization shall continue to thrive. I give you my solemn oath that I shall do all in my power to continue in your footsteps and make you proud in all of us. TLS shall not disappoint you. I do understand **Ray's** concerns and I do share his feelings of abandonment at times, however, I know

that it all stems out of fear. I shall, and we all shall, conquer our fear and transform ourselves through true love. To **Ray** I would like to say few words of wisdom I picked up throughout the years from you Rabbi that I think shall help him continue your work and legacy in the most proper and suitable way. (Written in English in the original Hebrew version)

Rabbi AA - Please continue.

Steve - You & I started working together under very strange circumstances and unfortunately we had many conflicts at the beginning. Lucky for us we had Diana guiding and helping us through the process. Today I'm proud to call you my friend and co-worker. I admire your courage and your soulful power and of course your powerful soul. I urge you to join us and help us preserve the Rabbi's legacy. You are a unique human being and you proved to be a mensch, although in very unconventional ways. A unique man should live in a unique home. TLS is your home. TLS is your family. We need you as much as you need us. I would like to share some words of wisdom the Rabbi once taught me in one of our private conversations early on when I just started at TLS upper management. Words of wisdom that I shall carry with me forever.

If you plant honesty, you will reap trust.

If you plant goodness, you will reap friends.

If you plant humility, you will reap greatness.

If you plant perseverance, you will reap contentment.

If you plant consideration, you will reap perspective.

If you plant hard work, you will reap success.

If you plant forgiveness, you will reap reconciliation.

I urge you to obey the Rabbi. Embrace him, his love, his power, his wisdom, his purity. I've lived my life according to these words of wisdom and I especially learned the power of forgiveness and how to forgive and all my troubles vanished. I'm a happy, successful man thanks to the Holy Rabbi and his guidance of love.

So be careful what you plant today. It shall determine what you shall reap later.

Thank you for your support and attention. I trust you shall plant properly. (Written in English in the original Hebrew version)

Diana - I join Steve and support you **Ray** in your decisions. I urge you to join us and together we shall thrive and make the Holy Rabbi proud. He is our leader. He is our father. We owe him that. We owe him our lives and our eternal friendship.

Friends are like your eyes, they carry the same relationship.

They blink together.

They move together.

They cry together.

They see things together and they sleep together, but they never see each other, that's what friendship is all about. Your aspiration is your motivation.

Your motivation is your belief. Your belief is your peace. Your peace is your target. Your target is Heaven and life is like hard core torture without it.

Please join us 12-23-13.

Life is good. It shouldn't be all about stress and torture. I'm forever your friend. (Written in English in the original Hebrew version)

Rabbi AA - Very well spoken my dear. I'm always very proud of you all. You are loyal soldiers and brave, hardworking people. I'm proud to call you my children. (Written in English in the original Hebrew version)

Rabbi AA - Please continue my friend, there is a lot to do and the time is short.

Ray - I would like to know if you can provide me with any more guidance that would help me complete the sayings/expression project.

Rabbi AA - How much did you write?

Ray - A few hundred pages. A lot. I don't remember exactly but there are only 30 left which I am not exactly proud of. I don't feel like they complete me or the power of prayer.

Rabbi AA - Be strong and courageous. Don't give up. Sayings are a type of expression of the internal eternal soul. I don't want you to think of prayer or the power of prayer, speak in your native tongue. Imagine that the Blessed Almighty, He Himself, is sitting in front of you and pour your heart onto the paper. You have always

wanted to meet God. Ask and perhaps one day you shall receive. Only He, His Honorable self, knows. Only He is capable of all the miracles and wonders of our times. He is the Source.

Ray - What else?

Rabbi AA - I suggest that you write in the middle of the night. Preserve your purity during the day. I found it appropriate to use the Tefillin as a portal between the soul and the Creator while I write.

Ray - Interesting, **the Black Widow** dreamt the same thing.

Rabbi AA - Do you not yet understand that she was sent as an assistant/aid for you?

Ray - I understand, I understand.

Rabbi AA - Praise God.

Ray - Do I have a deadline to finish? (Deadline is written in English in the original Hebrew version)

Rabbi AA - Not for you and not for anybody else in the system. The writing of your sayings/expression project is a right and not an obligation but I would recommend not to surpass 12-23-13. All will be accepted with a blessing. Let your soul take pleasure in the beauty of your writing.

Ray - Can I get back the pages that I already gave you?

Rabbi AA - As you wish. You didn't make a copy?

Ray - I didn't know it was permitted.

Rabbi AA - Permitted and allowed, ask for a copy before your return home.

Ray - May I show this to others?

Rabbi AA - Absolutely not.

Ray - Not even to my **wife** and **the Black Widow**?

Rabbi AA - Negative.

Ray - The idea is that others will enjoy it.

Rabbi AA - In due time. Don't forget that your sayings/expression project are part of the entire sayings/expression project which will be ultimately written by 1782 different souls and you are one of them. Don't focus on the quantity and the volume but rather the quality alone.

Ray - Okay, understood. With your permission I would like to start it all over according to your new guidelines.

Haim - I don't understand why we didn't receive more precise guidelines 6 months ago.

Ray - I will explain it to you. Everything in its proper timing.

Rabbi AA - Nice **Ray**, nice.

Ray - I want to talk about the family and especially about **EAGLE**.

Rabbi AA - I thought that we already spoke about the family matters.

Ray - Yes but I have another small issue.

Rabbi AA - Which is?....

Ray - **EAGLE**.

Rabbi AA - I am listening.

Ray - As I already explained to you on the phone, it seems to me that the family is going through something and feeling a certain frustration and maybe even disappointment.

Rabbi AA - You have been reciting this in my ears for the longest time.

Ray - I am asking for help.

Rabbi AA - You asked and you received!

Ray - I don't think that the CD's are enough.

Rabbi AA - Because it's not their time yet. The family must understand that we all have a rectification and a role within our incarnation and within our destiny and it is upon us, ourselves, to move our personal energy forward towards our destiny.

There is no victory without war

There is no reward without hard work

There is no joy without sadness

There is no success without failure

There is no Love without fear

And there is no Light without darkness

In order to earn the Light, we must expel the darkness. Each one of us translates darkness in our own way. But we all must banish it immediately by cleansing the body and purifying the soul. Begin with the lusts of the body such as: smoking, eating and numbing of the organs. It will be easier when you reach the purity of

the soul such as: prayer, meditation, the measure of anger and the measure of mercy. And above all, drawing and receiving Love.

Ray - I left you a letter with Igal. I ask that you read it when you are alone. It has to do with **EAGLE**.

Rabbi AA - I thought we've already had this conversation.

Ray - I know I am nagging sometimes but I think that **EAGLE** is in a good place and she simply deserves it. The dates match and I feel that she is very disappointed and frustrated from her whole process. Since Hanukkah of 2011, we all gained a lot of hope, especially **EAGLE**. I simply want to grant her more so she won't be disappointed.

I truly believe that my plan will work for her and for TLS as well. She will do everything she's asked and we will always have a very reliable person in Israel.

Rabbi AA - I will look into it and we will talk about it at our next meeting.

Ray - When?

Rabbi AA - Soon, but don't expect us to spend a lot of time on it.

Ray - I understand, no problem. If it is difficult for you to meet in person, I don't want to disturb you. We can also talk on the phone.

Rabbi AA - Well my friend, let's go to the Mikveh.

Ray - Just one more thing before we finish. I understand and I know through Diana and Steve that part of your trip here and to Canada is regarding the nuclear problem.

Rabbi AA - It is not in your jurisdiction at the moment.

Ray - I understand but I have a very efficient and simple idea.

Rabbi AA - I am not interested in hearing it. Your methods are not acceptable to me. I will not be a part of any plan that involves bloodshed.

Diana - Rabbi, I think you should hear him out. (Written in English in the original Hebrew version)

Ray - I spoke with Steve and Diana and I presented them with a few ideas. It may not work but I promise you that it is not at all violent, on the contrary!

Rabbi AA - I am listening, just be careful with your choice of words.

Ray - I believe that there is a way to neutralize this whole nuclear plan, not just in Iran but also in Israel and around the whole world, without war, injuries or casualties.

If you recall, towards the end of 2010 there was a congressional committee that investigated the subject of the American nuclear power which was completely neutralized at least three different times. There were over 100 witnesses that testified before the committee. Most of the witnesses were high ranking officers in the American military who provided testimonies regarding the neutralization of the nuclear power in different places in the United States by various UFO's that descended and simply disconnected all their source of energy for a specific amount of time. The American military couldn't do anything about it. The energy and the nuclear power resumed after the UFO's left.

Rabbi AA - Is this the reason you met with Kono recently? (Kono is an entity from a different planet who had undergone a transition and currently resides in the US and is part of TLS)

Ray - Yes, with the permission and the acknowledgement of Diana.

Steve - Diana & I were present in all the meetings. (Written in English in the original Hebrew version)

Rabbi AA - What's your opinion? (Written in English in the original Hebrew version)

Steve - Very promising. Simple idea, however, a difficult task. (Written in English in the original Hebrew version)

Ray - Of course Kono is not aware nor is he connected to the incidences that the committee was investigating at the time but I think that there is a way, through him and through his friends, to reach a certain level of neutralization.

Rabbi AA - It's worth a try.

Ray - Yes but it is a very expensive and long trial.

Diana - We are going to need vehicles, equipment and volunteers. (Written in English in the original Hebrew version)

Rabbi AA - What's the risk? (Written in English in the original Hebrew version)

Diana - At the moment, none. However, we are still checking. (Written in English in the original Hebrew version)

Rabbi AA - Who's idea is it? (Written in English in the original Hebrew version)

Diana - **Ray's**. And Kono claims he can implement it and he supports **Ray's** idea, under certain conditions. (Written in English in the original Hebrew version)

- Rabbi AA** - How come you didn't discuss this with me before?
- Ray** - You were too busy and too occupied and anyhow, I preferred to discuss it with you face to face. We are still not ready. It is still in the conceptual stage. I think it can work but we need your help.
- Haim** - Imagine if he is right.
- Rabbi AA** - Those will be the days of the Messiah. With the help of the blessed God.
- Ray** - I wish.
- Rabbi AA** - Are you sure there is no risk to human life?
- Ray** - For now, yes.
- Diana** - We would like to move forward with your permission. (Written in English in the original Hebrew version)
- Rabbi AA** - Arrange a meeting with the proper crew. I want to hear from everyone. What frequency and vibration are you using?
- Ray** - 19 MHZ within Gamma 9 or more if needed.
- Rabbi AA** - You don't reach Gamma 9.
- Ray** - It doesn't have to be me. Actually, it's always better to have you or Osho.
- Diana** - With vibrational speed exceeding the speed of sound provided we shall find the proper volunteers. (Written in English in the original Hebrew version)
- Ray** - Possibly even the speed of Light.
- Rabbi AA** - These are equations that are inaccessible and unavailable for us here on Earth.
- Ray** - Kono believes that it is doable through his planet but it would require a lot of time and experimenting.
- Rabbi AA** - How many crew members?
- Steve** - We are not sure yet. (Written in English in the original Hebrew version)
- Rabbi AA** - Who is the lead person or persons on establishing the formula? (Written in English in the original Hebrew version)
- Diana** - It is undecided, but we were thinking to use you my Rabbi. (Written in English in the original Hebrew version)
- Rabbi AA** - Me? (Written in English in the original Hebrew version)
- Ray** - Yes, you are the only one here that surpasses Gamma 9.
- Rabbi AA** - I will not be here at the required time. We will need to find an alternative.

- Ray -** Don't tell me the old man from Okinawa.
- Rabbi AA -** We will need to decide together after we complete all the initial experiments.
- Ray -** We prefer you and only you. In real time, I believe that it is worth postponing anything you have planned and are supposed to be doing.
- Rabbi AA -** We have to go. I suggest that we discuss it at our next meeting. Great work **Ray**. This is great work by the whole system. I don't want to discourage you but this amount of energy is almost impossible.
- Ray -** It is possible with the suitable connection of the right souls including those from other worlds. After all, it has been done at least 3 times in the United States by different and foreign entities. I promise you that it has been done in other places as well but it's simply not reported. I simply don't understand why they stopped neutralizing it.
- Rabbi AA -** When you talk about the suitable connection of souls, what exactly do you mean?
- Ray -** I mean a similar connection to the one we did when we neutralized the suns/solar storms.
- Rabbi AA -** I am sure that **the Black Widow** or your **wife** are part of your new formula.
- Ray -** Not yet because there is no formula. But maybe yes, why not?
- Diana -** This time you would try to incorporate all the family into the project as a whole, including ■■■, not just **the Black Widow** as you did before. (Written in English in the original Hebrew version)
- Rabbi AA -** Good idea. Arrange a meeting with everyone involved.
- Steve -** Right away Rabbi. (Written in English in the original Hebrew version)
- Ray -** I always tried working on everyone's numbers but it doesn't always work out. I would be happy to see the whole family united in one project.
- Rabbi AA -** I ask of you not to share information with anyone at the moment.
- Ray -** Ok. (Written in English in the original Hebrew version)
- Rabbi AA -** If so, on to the Mikveh.
- Ray -** Okay but what about the blessings for everyone?
- Rabbi AA -** Bring your list and we will do everything quietly in the Mikveh.
- Ray -** Ok. (Written in English in the original Hebrew version)

Rabbi AA - Thank you all. It was a great pleasure. I wish you and the whole family success in the creation of your book, your writings.

And by the way, once again, I recommend that you share your texts with [REDACTED] the Cohen and Mr. [REDACTED]. Please don't shorten their names when printing this part.

Ray - Ok. (Written in English in the original Hebrew version)

Rabbi AA - Blessed you will be. I am eager for our next meeting. **Ray**, don't forget what I requested in regards to your mother-in-law and my darling **EAGLE**.

And Eternal Life He planted within us.
